Firemen Assert "Half Truths" Pay Referendum Statement

The Newton Firefighters Union, through its President Thomas J. Kelly, asserted today that the bulletin the Newton Taxpayers Committee concerning the referendum on the firemen's pay raise, contains "many truths."

The Newton Firemen's campaign for a pay raise is based on the simple fact that the average Newton fireman's pay is — (Continued on Page 10)

Kennedy Election Forecast: Salty, Volpe Seen Leading

Next Tuesday's election in Massachusetts promises to produce the strangest voting pattern in the modern history of the State.

Unless there is an unexpected change in the political tide now flowing across the nation, Senator John F. Kennedy will be elected the next President of the United States and will win decisively over Vice President Richard M. Nixon.

Kennedy will carry his home State by a massive margin. Political experts have been estimating that Kennedy would top Nixon by about 250,000 votes in Massachusetts. Recently, however, there has been evidence that Kennedy's strength has been rising and Nixon's falling.

As a result of that trend and the 11th hour enthusiasm and excitement Kennedy is certain to generate when he comes to the Boston Garden on election eve for the closing speech of his campaign, Kennedy's plurality in Massachusetts when the returns are tabulated next Tuesday night probably will be in the vicinity of 500,000 votes.

A sweep of that magnitude for a Democratic Presidential candidate should be enough to pull the entire Democratic State ticket into office behind him, to wreck Republican hopes and to leave the GOP campaign a shambles.

Yet, careful and extensive surveys which have been made to determine voting trends in Massachusetts indicate that is not going to be the case next Tuesday.

With the election a few days away, it appears entirely within the realm of political possibility that Massachusetts next Thursday may give a 500,000-vote plurality to the Democratic candidate for President and at the same time elect a Republican Governor and U. S. Senator.

Voters Urged To Try For Early Balloting

95 Percent Of City's Total Voting Strength Is Foreseen

An all-time record high turnout of more than 49,000 voters is predicted in Newton for next Tuesday's history-making election.

City Clerk Monte G. Basbas anticipates that more than 95 percent of the 51,702 registered voters in the city will go to the polls as a result of the tremendous public interest aroused by the Presidential campaign.

From a percentage standpoint record was established in point the previous high New- the wartime year of 1944 when

94.6 percent of the city's eligible voters turned out to cast their ballots.

Polling places in Newton will be open from 7 a.m. to 8 p.m., and extremely heavy crowds are expected at the voting booths in the last three-hour period between 5 and 8 p.m.

City Clerk Basbas today appealed to everyone who can possibly do so to vote during the daytime hours in order to lessen the 11th hour rush and avoid the inevitable delays.

He asked wives not to wait until their husbands return home from work before voting but instead to vote during the day.

So heavy will be the voting in Newton that Basbas is planning to employ all the extra ballot-counters allowed.

Muther Enjoys Wide Backing For House Seat

Lorenz F. Muther Jr., for many years executive director of the Newton Taxpayers Association, has won wide endorsement in his bid for election to the House of Representatives in the 5th Middlesex District to succeed Rep. Irene K. Thresher.

His 13-year record of successfully enacted governmental programming has won him the endorsement of the Newton School Committeemen and Aldermen in the District.

Atty. Muther said he is proud that so many Newton men who have detailed know-

ledge of the city's present and impending problems should have such confidence as to recommend him as one of Newton's representatives in the state legislature. Land uses and education are the principal areas of Mr. Muther's governmental interest.

"The body of Massachusetts law determining the uses and burdens applied to the land, particularly in the fields of transportation, urban development and taxation, now requires a much more active approach," Mr. Muther asserted.

"These problems have all been studied over and over again. Now it is time for definite further action if Massachusetts is to compete successfully."

"The principal danger in

public education is that since it is a political reflection it continually is subject to pressures to water it down. Good public education has been and should be returned to the position of being one of Massachusetts' major assets."

Social Science Club Meeting

The Social Science Club of Newton will meet at the Hunnewell Club next Wednesday, November 9th at 10 a.m.

Harry L. Walen will be the speaker and will discuss the Newton Community Council.

Hostesses will be Mrs. Ray A. Eusden and Mrs. J. Herbert Young.

SAFETY AWARD FOR NEWTON — Mayor Donald L. Gibbs receives Special Award for Excellence in Traffic Safety for Schools from Bert L. Harmon, of Mass. Safety Council; also in photo, left to right, Frank Simmons, Health and Safety Director, Newton Schools; Police Chief Philip Purcell, Captain James E. Corcoran, and Safety Officer Charles E. Feeley.

Newton School Safety Program Gets State Recognition Award

The outstanding excellence of the School Safety Program in Newton was recognized and rewarded this week when Bert L. Harmon, manager of the Massachusetts Safety Council, presented a Special Recognition

Award of Excellence to Mayor Donald L. Gibbs at a special ceremony held in the Mayor's office. Newton's program is tops in the state and nation.

Present at the exercises

and sharing in the comments and commendations of the Safety Council were Police Chief Philip Purcell, Captain James E. Corcoran, Safety Officer Charles Feeley and Frank Simmons, director of Health and Safety for the Newton School Department.

Manager Harmon pointed out that the safety program in Newton is one of the best in Massachusetts, if not the best. He further brought that the report from the National Safety Council, indicating the entire nation, indicated that the Newton program evaluated at 94 percent recommended performance.

Lemar's Offers The Unique In Flower Arrangements

The hobby of creating flower arrangements for their personal enjoyment by two Newton women has developed into Lemar, Inc., a thriving business which has just opened its newest shop at 847 Beacon street, Newton Centre.

The name is derived from the first syllable of each surname, and the story of Lemar's growth is one of success in an amazingly short time.

Open house will be held each afternoon starting next Wednesday and continuing through Saturday (Nov. 9-12) when Lemar, Inc., will be happy to greet its many friends and cordially welcome new ones at 847 Beacon street.

The clever and unusual floral designs at the outset attracted attention and soon they had requests to make decorations for luncheons and parties. It wasn't long before they outgrew the basement quarters where they dabbled, and opened a shop on Homer street, Newton.

Today Lemar, Inc., with its "Continental touch" in flower arrangements serves clients which cover the South Shore and they extend to the North Shore as well.

It offers personalized and individual consideration,

whether for a single centerpiece, for a wedding, or a large function. In addition Lemar's offers a complete party service, with accessories from invitations to matches and mints. And one is sure to find that distinctive little hostess gift among the trifles and treasures on display in the shop.

SENATOR SALTONSTALL in Final Surge for Re-election

U.S. Senator Everett Saltonstall this week brings to a close his strongest, most intensive and comprehensive campaign for re-election in his political career.

He has accused his Democratic opponent of running an "unsuccessful, recordless campaign, depending on innuendo and rash charges" and characterized it as "desperation politics."

By the time he winds up his campaign, the senior U.S. senator will have covered the state by train, plane and private car; will have covered 4,000 miles, appeared at 185 separate events before 160,000 people.

Adding the 250,000 people who saw Sen Saltonstall on the occasion of Vice President Nixon's arrival in Boston and the crowds who saw him in Columbus Day parade, nearly half a million citizens will have seen the Senator during his two-months campaign.

During the final week he spoke on disarmament, the challenge of Africa, free education and the federal government, housing and urban renewal and the national purpose.

He is finishing his campaign enunciating his own views on current issues and pointing out the "inconsistencies and misrepresentations" in opponent's campaign.

Sen. Saltonstall has exposed "deception and duplicity" in his opponent's own record on tax reduction, urban renewal and improved industrial state.

The Senator emphasized his record of service and performance for Massachusetts, pointing to his Senate sensitivity, experience in defense affairs and the jobs he has fought to Massachusetts through defense contracts.

He continued to score his opponent's "immature and untimely" plan to be "a part-time" Senator. To the allegation that he had never sponsored a bill which had become law, Sen Saltonstall pointed out that in fact some of his bills have been enacted into law.

Your One Little Vote

The politicking and campaigning are about over. Now approaches the day on which our whole political system is based, the day when the free choice of the people will decide the course of government, in the State and the Nation.

If you haven't registered, it's too late; hang your head in shame. If you haven't decided between the candidates, do it now. Ask yourself, "If I knew that the entire elections hinged on my single ballot, how would I vote?"

And, what difference does that one little vote make among the millions that will be cast?

In a recent election a candidate for an Illinois state office lost by some 4,000 votes. Thus, less than one-half vote per precinct decided a state election.

One vote has elected many men to public office who in turn have passed many laws by just one vote. California, Idaho, Oregon, Texas and Washington were made states by one vote in Congress.

Rutherford Hayes was elected President of the United States by a majority of one vote in the Electoral College.

"One little vote" can make a considerable difference. On Election Day next Tuesday, no minor inconveniences of weather, health, distance, or other business, should keep any of us from the polls.

And yet, does it come as a shock to be told that close to half the citizens of this great democracy will fail to vote next Tuesday? Does this mean that these people are unbelievers in the democratic way of life?

No! They are the people who are "too busy" to spend five minutes in the precinct polling place. Among them will be some women who "leave politics up to their husbands." Also among them are the "shirkers first class" who reap the advantages of living in a democracy but who fail to contribute anything toward making it work.

This legion of non-voters, in short, is made up of — and led by — citizens who ask:

"What difference does my one little vote make among the millions that will be cast?"

It is the difference between accepting our responsibilities as citizens or avoiding them. Using the ballot — and using it wisely — is a debt we owe our nations and the future Americans who will inherit it. Vote as you please . . . but VOTE!

John A. Volpe Calls For Removal Of "Scandal-Ridden" State Rule

The present scandal-ridden state administration must be removed from office, John A. Volpe, Republican nominee for Governor, declared today.

"I believe one of the most important problems facing this state is to restore the people's belief and trust in their government and government officials," he said.

The Republican gubernatorial candidate stressed he has made "no deals or political promises" in his campaign to bring "businesslike methods of efficiency to state government."

"I have a detailed program to accomplish this objective, in contrast to my opponent, who is the adopted son of the present corrupt administration," Volpe declared.

"For example, we can do much more to attract new industry and tourists to Massachusetts by rejuvenating the State Department of Commerce and staffing it with experts qualified to 'sell' Massachusetts. New industry and increased tourist business will pay off in terms of sharing more equitably the tax burden.

"This department should be used to effectively promote this Commonwealth and make it more attractive to new investors. The department should not be used — as it now is — as a haven for political pets and has-beens" he said.

Touching briefly on the field of education, Volpe pointed out the increasing number of school-age children and the steadily increasing costs of education together form a serious drain on the budgets of local communities.

"State aid to education should be increased," Volpe said. "Care should also be taken to make sure we obtain every penny of Federal aid to education — but only on condition that the Federal Government shall have no authority over the use of the money except to make sure it is spent for legitimate educational purposes."

Volpe said another problem that must be dealt with in the immediate future is that of "our senior citizens."

JOHN A. VOLPE

"Here, the problem is two-fold," he declared. "First, we must assist those older citizens who require medical aid. Legislation that has been filed in my behalf, requiring the state to put into effect the Federal program for medical aid to the elderly, should be passed.

"The second part of this problem concerns the reluctance of employers to hire older workers. I shall insist on a program of action in this field," he continued.

"I believe the economic prosperity and attractiveness of Massachusetts will become much greater if we use this great source of skills instead of throwing it away as the present administration is doing," he said.

"Finally, I would like to state that one of my first duties will be to establish a code of ethics for state officeholders that will bar them from participating in any conflict of interest," he concluded.

GETTING OUT THE VOTE

Gibbs Says Firemen's Pay Raise Will Cost \$120,050

Mayor Donald L. Gibbs asserted today that if the voters of Newton adopt the Firemen's pay raise referendum the additional annual cost to the city would be \$120,050.

"Newton's present salary for firemen (\$5,000) compares favorably with surrounding cities and towns, as well as cities of similar size throughout the Commonwealth, especially when placed on the same basis of numbers of hours worked and insurance coverage granted," the Mayor asserted.

"Should this referendum be accepted the new members of the Fire Department of which there are six, will receive increases of \$450, two hundred and one members increases of \$500; six increases of \$650, five increases of \$800 and one an increase of \$950," the Mayor continued.

"Newton firemen have received a pay increase EVERY year since Jan. 1, 1952; nine straight years, totaling \$1800. These have ranged from a low of \$50 to a high of \$341.80."

"It is factual, and shows what has been done for these employees," he went on. "Apparently facts are not wanted by the propon-

The City of Newton is engaged in a salary survey of all employees, Mayor Gibbs said. This consulting firm is the Charles Evans & Associates of Boston who will render this report in December, 1960, for consideration in the 1961 budget.

"Should proportional increases be granted to all other city employees (as well as those requested for firemen) this total cost would run over \$500,000 or approximately \$2 per thousand increase on Newton's tax rate," the mayor asserted.

Halloween Marked By 400 Gay Parties, Vandalism and Thief

Hallowe'en was observed in Newton with some 400 parties attended by 17,000 happy youngsters, a parade through West Newton Sq., an increase in vandalism, and an unfunny look who spirited \$1200 worth of property from a parked car.

Mayor Donald L. Gibbs expressed his gratification at the success of the many parties for youngsters and had high praise for Dr. R. Emerson Ivester, general chairman of the parties, and Recreation Commissioner C. Evan Johnson.

The Mayor said the continuing success of the Newton Hallowe'en parties "is a tribute to all those parents who contributed so much of their time and effort."

Biggest of the parties was a high school dance at the West Pole ballroom in Drumbeaga Park.

Part of the city-wide celebration for youngsters was the parade which started at Davis School and tied up traffic in West Newton Sq. at 6:45 Monday evening as the gaily clad children cavorted in a circle back to the school.

Police reported several broken windows, two false alarms sounded and a large number of pumpkins taken from porches. Several hours later police stopped a car in Newton Highlands which contained four 16-year-old youths and 54 pumpkins, which they admitted stealing. A number of pumpkins also had been thrown from the moving car into the street and smashed.

Cecil D. Jones of Wichita, Kan., reported to police that his car was looted while it was parked overnight at the Charthouse Motor Hotel, 160 Boylston St., Chestnut Hill. It contained three cameras, binoculars, men's and women's attire, a brief case, sample case, manicure set and a pair of overshoes.

CONGRESSMAN AND MRS. LAURENCE CURTIS share honors at reception given them by enthusiastic supporters in the 10th congressional district. They are shown cutting a pre-election "victory" cake. A member of Congress for the past eight years, Curtis is seeking his fifth term.

Congressman Laurence Curtis Reviews Record of Past 8 Years

Congressman Laurence Curtis today reviewed his record of the past eight years in Congress and his service as a member of the important House Foreign Affairs Committee as he sought support of his candidacy for reelection next Tuesday.

Curtis expressed the conviction that the experience, seniority and understanding of both domestic and international problems which he has gained will enable him to be of increased value and service to the people of the 10th district during the two years ahead.

"For the past eight years I have represented the 10th district diligently, conscientiously and honorably in the Congress," Curtis stated.

"I will continue to provide that quality of service and to represent all the people of the district to the very best of my ability if I am elected next Tuesday," Curtis said in one of the closing speeches of his campaign for another term.

Curtis said that on all measures to come before the Congress he has voted in the manner he felt best served and protected the interests of the people of the 10th congressional district.

He declared that misleading statements have been made by his opponent concerning his voting record.

In one instance, Curtis stated, he has been accused of voting against a bill which, in actual fact, never went before the national House for a vote.

"The people of the 10th district know me, and they know my record," Curtis asserted. "They know the work I have done and the service I have performed for the past eight years. I do not believe they will be misled by erroneous statements about my record."

Congressman Curtis has had a long and distinguished career of public service.

He served in both branches of the Massachusetts Legislature, in the Boston City Council and as State Treasurer before his election to Congress from the 10th district in 1952.

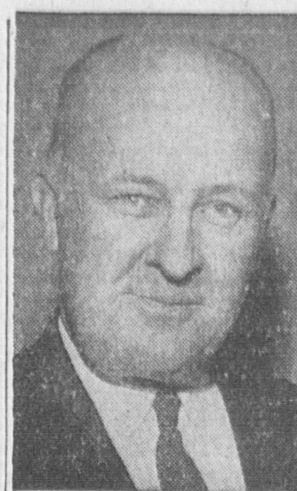

Curtis has been publicly commended by the Disabled

An open letter to parents:

Darn it, if children today know how to study so many could learn more, get better grades to boot. (As a former teacher, how well I know.) Hats off, at last someone has done something about it! I mean the study-skills program of Guidance Associates — a boon to learning if there ever was one.

Find out for yourself. Visit the open house Guidance Associates is holding this November 7th and 8th at 8:30 p.m. at the Newton Center Woman's Club. Your questions about your child and his future will be answered by a panel of leading educators. Also, the need for their study skills program will be explained too. FROM THE DAILY BULLETIN: "With the advent of our new high school, there seems to be some confusion as to the designation of each school. There has been NO change in this school, and we are still NEWTON HIGH SCHOOL."

"The new school has been officially named NEWTON SOUTH HIGH SCHOOL. In order to continue as such, it will be necessary . . . to avoid affixing the word NORTH to this school."

Copies of the 1960 "Reflections," the NHS-NSHS literary magazine have been on sale to sophomores. This issue of the magazine was published last spring. Christina Olton, a senior at Newton South High and Stephen Greenblatt, a senior at Newton High, are the editors of the 1961 "Reflections."

Seniors are now registering for the December College Entrance Examination Board tests. To avoid a late fee, applications for the December 3 test must be sent to Princeton, N. J., early this month.

Most of the students will be taking only the Scholastic Aptitude Test at this time.

POLITICKING . . . In The Newtonite's poll of 460 "under 21's" at NHS, John F. Kennedy defeated Richard M. Nixon (Kennedy 242 — Nixon 211). Meanwhile, at NSHS, Nixon pulled ahead of Ken-

Of the 568 students polled at both schools, 238 had either watched or listened to all three of the debates which had preceded the poll. 26 students had not witnessed any of these debates.

Voters expressed approval of their candidate's stand on foreign affairs (many referred specifically to Quemoy and Matsu) and domestic affairs, of his party, and of his personal attributes.

Typical of the remarks of Nixon voters was, "He knows what is going on in the world and how to handle the situation. I feel that Lodge makes the ticket especially strong because many people respect him."

Favoring candidate Kennedy, voters said, "Kennedy says that he believes, Nixon says what he believes will get votes. Kennedy is by no means perfect but more of the type of person qualified for the Presidency."

Other voters said, "I don't believe that either of the candidates is really qualified."

THOUGHTS IN PASSING . . . What will happen in Dickinson Stadium Thanksgiving Day? . . . Will there be a change in school assemblies?

Ward School PTA Hears Of Fluoridation

"The Fluoridation Question" was the subject of the fall general meeting of the John Ward School PTA held recently.

Mrs. S. Roy Remar, program chairman, introduced Dr. Frederick Stare, Professor of Nutrition at Harvard School of Public Health.

Dr. Stare presented the known facts of benefit to children's teeth from the presence, either naturally or added, of fluoride in their drinking water.

Dr. Robert Kirshbaum, of the Newton Citizen's Committee for Dental Health, and a practicing dentist explained that in 1961 the people of Newton would be asked to vote whether the city should fluoridate the water.

He said the estimated initial cost of the processing and the approximate cost (10c) per person per year. Dr. Kirshbaum stated that the Newton Citizen's Committee for Dental Health is ready to answer any questions and has informative literature available.

In addition a film was shown titled The Grand Rapids Experiment with Fluoridation. This showed what happened in one city where fluoridation was tried and the average 54 per cent drop in

tooth decay among school-age children.

A question and discussion period followed.

The hospitality committee under the direction of Mrs. Irving Ives and Mrs. David Aronson served refreshments.

Republicans and who desire to be employed as vote-counters to contact him at his office in City Hall. The counters will report for work at 8 p.m. on election night.

Hundreds of absentee ballots already have arrived at City Hall to be deposited in the ballot boxes on election night.

Clerks in Basbas' office mailed out 1435 absentee ballots and sent 570 military ballots to members of the armed forces.

Ballots already have been returned from points as far away as Israel, Lebanon, Pakistan, Japan, with two from Rangoun, Burma. Additional ballots are arriving with each delivery of mail.

Principal interest will be centered next Tuesday on Newton's vote for President.

Supporters of Senator John F. Kennedy have made a tremendous drive in his behalf, and Kennedy is expected to poll much more than a normal Democratic vote in the city.

Backers of the Nixon-Lodge ticket have countered with a terrific campaign of their own, and Lodge's drawing power should boost Nixon's total in Newton.

The battle between Senator

Leverett Saltonstall and Springfield Mayor Thomas J. O'Connor, Jr., for the right to serve in the U. S. Senate and the fight for the Governorship between Businessman John A. Volpe and Secretary of State Joseph D. Ward also have aroused great interest in the city.

Former Mayor Howard Whitmore, Jr., who opposed Volpe for the gubernatorial nomination at the Republican State Convention in Worcester last June, is spearheading the drive in Newton for Volpe.

Widespread attention in Newton also is centered on the contest between Congressman Laurence Curtis and Attorney Joseph J. Mulhern, Jr. Curtis, who is standing for reelection to a fifth term, has made a strong showing in Newton in all of his previous four runs.

A local issue, which has been the subject of lively discussion and debate, is a referendum on the question of granting a \$500-a-year salary increase to members of the Newton fire department.

The firefighters have been working vigorously to obtain an affirmative vote on the referendum.

Interesting fights will be set-

DISTAFF VOTE REMINDER — Two smiling members of the Newton League of Women Voters stand with the voting reminder placed in Newton Centre by the league. led next Tuesday for seats in the State Senate and the House of Representatives.

An extremely hot clash is being waged between Republican State Senator Joseph Silvano of Brookline and Democrat John F. Mellia of Brighton in the senatorial district which takes in Ward 1, 6 and 7 of Newton.

The outcome of the Silvano-Mellia fight may well hinge on the showing they make in the Newton sector of the senatorial district.

Democratic Nominee Paul L. Flanagan of Newton is challenging Republican State Senator Leslie B. Cutler in the recently created Norfolk-Middlesex senatorial district which includes Wards 2, 3, 4, 5 and 8 of Newton.

Hottest of the House fights is being waged in the 4th Middlesex legislative district where Republican Representatives George E. Rawson and John W. Whittemore are being opposed by Alderman Joseph G. Bradley and former Alderman Alfred R. Guzzi.

Bradley, now serving his second term on the Board of Aldermen, has made a very

strong bid for one of the two House seats. Political observers believe that race will be a close one when the returns are tabulated.

In the 5th Middlesex district Republican Representative Arthur G. Heaney is standing for reelection and Lorenz F. Muther, Jr., executive director of the Newton Taxpayers' Association, is the GOP nominee for the second House post. Muther in the September primary won the Republican nomination for the place being vacated by Representative Irene K. Thresher who moved up to make an unsuccessful run for the Senate.

The Democratic candidates for the House standing against Heaney and Muther are Attorney Richard L. Fisher and Attorney Irving Fishman.

Edward O'Donoghue of West Newton is the Republican candidate for county treasurer. His opponent is Timothy J. Cronin of Somerville.

District Attorney John J. Droney is expected to roll up a good vote in Newton in his fight to retain his present office. Droney's opponent is Attorney James F. Mahan, Cambridge Republican.

Newton voters will go next Tuesday to the same 36 poll-

ing places as in the September primary.

City Clerk Basbas estimates that the election will cost the city close to \$10,000. Basbas anticipates that the count of the ballots will be somewhat slow because of the tremendous turnout expected. His urgent appeal to Newton voters, especially women who will be at home during the day, is:

"PLEASE VOTE EARLY AND AVOID THE CLOSING RUSH WHICH WILL START ABOUT 5 P. M."

Kennedy Answers 6th Grade Query

A sixth grade class at the John Ward school learned this week that children can be heard in a presidential campaign — and they have a letter from Senator John F. Kennedy to prove it.

The 36 youngsters in Mr. Vito Sammarco's class each wrote letters to the presidential candidates, and summed their views in letters to church groups and newspapers saying that religious issues have no place in an election campaign.

An avid interest in politics and an article on religious discrimination in the campaign in a nationally known newspaper prompted class discussion, independent reading and close scrutiny of television reports, according to Jeffrey Spear, 11, of 310 Waverly Ave., chairman of the class committee.

"We believe that religion should be kept out of election campaigns because it can cause discrimination and prejudices. Prejudices of this sort can cause criticisms from other countries, which would prove fatal to our prestige and to the prestige of democracy," the youngsters said in their letters.

A letter was received from Senator Kennedy yesterday, according to a class delegation that visited the Graphic's office, in which he expressed thanks for the children's interest in the campaign and his belief that religious intolerance has no place in a presidential race.

A committee of six was chosen by Mr. Sammarco to read the letter to the other sixth, fifth and fourth grades at the Ward School. They were: Jean Shapiro, 24 Mayflower Rd., Chestnut Hill; Wendy Wilton, 16 Nottingham St., Newton Centre; Laura Stone, 26 Alderwood Rd., Newton Centre; David Hirschberg, 54 Clements Rd., Newton Corner and Jeffrey Spear, chairman.

"We know that children can

act in a democracy," one of the youngsters commented, "and we are just as interested as our parents in the election. We are the citizens of tomorrow and it is important to us that we be informed citizens."

EXPLAINS SYSTEM — Middlesex County Register of Probate John V. Harvey explains Probate Court index system to Internal Revenue agents. The class was conducted for new agents and included a field study of the Middlesex Probate Court.

Harvey Seeks Reelection As Register of Probate

Register of Probate John V. Harvey, who is seeking another term in next Tuesday's election, pointed out today that the position he is holding is one of the most technical of all elective offices. Harvey declared that the Probate Court deals with all wills, administrations, trusts, custody of children, divorces, adoptions, guardianships of property of mentally ill and minors.

He said it is a position which requires a lawyer and more particularly a lawyer trained

in the very technical phases of probate law. "I offer my experience as a lawyer, my experience and training as an Assistant Register, and my experience as the Register of Probate for this County which handles the largest volume of any of the Registers throughout the Commonwealth," Harvey declared.

"My staff and I pride ourselves on the service that we give to the lawyers and to the public," he continued. "I submit that in reelecting John V. Harvey Register of Probate, Middlesex County citizens will be assured a continuation of our top-quality service," he concluded.

Irving Fishman Sees Need For More Efficiency

Irving Fishman of 158 Cotton St., Democratic candidate for Representative from the 5th Middlesex District said today he is emphasizing in his campaign the need for stepped-up efficiency in the operation of the MTA Highland branch line.

"Because the Highland branch runs through the southern half of Newton which comprises my district," he said, "the voters should be aware of recent proposals to convert the line to rapid transit. We need forceful, aggressive representation on Beacon Hill to protect the interests of Newton taxpayers."

Fishman, the top vote getter in winning the Democratic nomination for Representative in the 5th Middlesex District, is a veteran of World War II and served as staff attorney with the Boston Legal Aid Society before entering private law practice. He has been active in Newton civic affairs as a member of the Democratic City Committee of Newton, the World Affairs Council of Newton and the Newton Fair Housing Practices Committee. A former officer of the Junior Bar Section of the Boston Bar Association, Fishman received his legal training at Boston University and Harvard Law School. He is also on the attorney's committee of the Civil Liberties Union of Massachusetts.

Political Highlights

(Continued from Page 1)

The results of polls which have been taken show that Senator Leverett Saltonstall will be able to survive the great wave of sentiment for Kennedy, ride out the political storm and win reelection over Springfield Mayor Thomas J. O'Connor, Jr.

The same surveys indicate that Businessman John A. Volpe at this stage of the campaign has a lead over Secretary of State Joseph D. Ward in what shapes up as a close race.

Should Kennedy's plurality in the state go over 500,000, which is possible but improbable, the trend might be too great for Volpe to overcome. As matters presently stand, however, Volpe rates as a slight favorite over Ward.

While Kennedy isn't carrying the members of the Democratic State ticket on his political coattails, he is generating some strength to them, and that strength might increase in the closing days of the campaign.

Kennedy will be responsible for bringing out a new record high vote in Massachusetts. His name on the ballot as the candidate for President will cause many thousands of Democrats to go to the polls who otherwise would stay home. He has caused a tremendous enrollment among young men and women who will be casting their first ballots.

Some of the people who go to the polls next Tuesday principally to vote for Kennedy will vote Democratic all the way down the ballot.

The effect of the Kennedy tide would be enough to cause a Democratic sweep in Massachusetts—if other factors were not militating against the Democrats. But other factors are working against the Democrats, and they appear to be offsetting the aid Kennedy is providing for the Democratic candidates listed below him on the ballot.

The MDC scandal has made an impact upon the voters, especially in the Greater Boston area, and will cost Democratic candidates some support.

Survey returns show that the defeat of Governor Furcolo in the primary will cause many thousands of Democratic voters of Italian origin to cast their ballots for Volpe and Saltonstall.

Indeed, a Republican trend might well exist in Massachusetts today if anyone other than Kennedy were the Democratic candidate for President.

A shift of astonishing proportions will occur next Tuesday after the voters mark their crosses and pull the voting machine levers beside Kennedy's name.

Tabulation of the straw vote obtained in a poll made under this writer's direction indicate that Saltonstall can win election next Tuesday even if Kennedy does roll up a massive and unlikely 600,000-vote plurality in the State.

While Volpe doesn't show up quite as strong as Saltonstall on the poll, he does appear strong enough to warrant being rated as favorite unless Kennedy runs wild in the Commonwealth.

Attorney General Edward J. McCormack, Jr., and State Auditor Thomas J. Buckley both stand out as certain winners next Tuesday. Both probably will win by pluralities as large as Kennedy's.

Even Republican strategists privately concede that they have no chance of defeating either McCormack or Buckley.

It was Buckley who precipitated the MDC investigation with a report, and it was McCormack who moved swiftly to obtain indictments against persons involved in the scandal.

The outcome of the battle for the Lieutenant Governorship between Boston City Council President Edward F. McLaughlin, Jr., and Executive Councillor August G. Means probably will hinge to some extent on the trend in the Ward-Volpe conflict.

Only three times in the last three decades have the people of Massachusetts elected a Governor of one party and a Lieutenant Governor of the opposite party. The last such instance was in 1944 when the late Maurice J. Tobin was elected Governor and Robert F. Bradford was chosen Lieutenant Governor.

If Volpe wins over Ward by less than 100,000 votes, McLaughlin probably will defeat Means. If Volpe wins by more than 100,000, McLaughlin may be hard pressed to survive. If Ward emerges the winner over Volpe, McLaughlin is virtually certain to achieve election. McLaughlin is regarded as having a better chance of winning than does Ward.

The polls indicate that a very sizable number of persons, after voting for Kennedy, will shift to Sauton-

Hayle in the Louisville Courier-Journal

stall and Volpe, and then will begin to shift back to the Democrats again.

Former Suffolk County Assistant District Attorney Kevin H. White, son of City Councillor Joseph C. White of West Roxbury, is expected to win election as Secretary of State over Edward W. Brooke of Roxbury, the first Negro ever nominated for State-wide office in Massachusetts.

Representative John T. Driscoll of Dorchester is favored over ex-Mayor Walter J. Trubulski of Chicopee in the contest for State Treasurer.

Curtis Favored Over Mulhern

One of the most interesting fights below the level of the rival State tickets is the contest between Congressman Laurence Curtis and Attorney Joseph J. Mulhern, Jr.

Curtis, who has won four successive elections over formidable opponents and is seeking a fifth term from the 10th district, must be rated as a favorite on the basis of his past record and the following he has built up in the district.

Mulhern, the son of one of Boston's best-known political figures, is, however, a candidate who should not be under-estimated.

He obviously is hoping to ride into office on a Democratic tide generated by Senator Kennedy. Whether such a tide will develop is a question only the returns next Tuesday night will answer.

An unusually hot fight for a seat in the State Senate is

being waged by Senator Joseph Silvano of Brookline and Brighton businessman John F. Melia.

An air of uncertainty surrounds that contest because it is being staged in a newly created senatorial district which takes in Wards 1, 6 and 7 of Newton.

Silvano is certain to carry Brookline, and Melia will roll up a plurality in Brighton. The trend of the Newton vote may well play a decisive part in shaping the outcome of the battle.

District Attorney John J. Droney is generally expected to gain reelection over his Republican opponent, Attorney James F. Mahan of Cambridge. Middlesex County has become increasingly Democratic, and it would be a decided upset if Droney were to lose.

On the local political front in Newton lively political campaigning has occurred in the two contests for seats in the House of Representatives.

Firemen's Pay Raise

fireman takes home less than \$80 a week," Kelly said, "and no bulletin can dispute this fact."

Mr. Kelly's statement was in answer to the tract signed by Bartlett Harwood Jr., chairman of the Newton Taxpayers Committee, concerning the referendum which will appear on the ballot next Tuesday proposing a \$500 annual pay raise for members of the Newton fire department.

"The Newton firemen have always given their best to the citizens of Newton; all they ask is a living wage," Pres. Kelly said.

The firefighters' reply termed "an obviously untrue" statement on the Harwood tract that "he (fireman) meets no unusually dangerous traffic or industrial hazards in Newton."

"Two weeks ago as a simple example two firemen from Engine No. 2 had to receive treatment at the Newton Wellesley Hospital as a result of a fire at No. 270 Auburn-dale Ave., Newton," the firemen's president declared.

"Can Mr. Harwood Jr. say no hazard was involved in this fire? Last week as a result of a two-alarm fire at 399 Grove St., Newton Lower Falls, Firefighter John J. Tracey was removed to Newton Wellesley Hospital. Would Mr. Harwood tell Mr. Tracey no hazard was present? As a matter of fact I respectfully submit Mr. Harwood wouldn't enter a burning building for \$790

Newton Hunter Bags Big Bear And Deer in Me.

There's a big, new bear-skin rug destined for a West Newton home and plenty of deer and deer steaks for the deep-freeze because Homer L. Welch is back home at 63 Hatfield Rd., from the hunt.

The operator of the Welch Electric Co., for some 40 years felled a bear which "stood up as tall as a man" near Houlton, Me., because his wife wanted a bearskin rug. The giant of the forest weighed 295 pounds.

Then Welch went after deer and brought back the proof which weighed 160 pounds.

"Lot's of apples up there," Mr. Welch commented. "Good eating apples without a worm in them, just lying around on abandoned farms waiting for someone to pick them up."

New Pumping Equipment Near Completion Here

Improved water pressure is in sight for the Newton South District within a week with the completion of two installations of new pumping equipment at a cost of \$150,000, according to Water Commissioner Mark F. Croker.

One is the \$100,000 Metropolitan District Commission project begun last year which brings three 250-horsepower pumps with a capacity of 32 million gallons. They replace three 100-horsepower pumps installed 20 years ago with a capacity of 14 million gallons.

The second project was installed on Institution Hill by Andover Newton Theological School which includes two 1000-gallon per minute pumps and a 2000-gallon underground tank. The area has been placed in the Southern Pressure District served by the Commonwealth Ave. pumping station and the Waban Hill reservoir.

SHE COMES TO TELL YOU A STORY

And a wonderful story it is. All about *people helping people*. She may be a housewife, a stenographer, a nurse, a saleswoman, a teacher, a student, or an executive. She belongs to a group of people who come from every business, every kind of job, every race, every religion in your community.

She shares with them the desire to help in the many works of the United Fund agencies and services that make life better for all of us in Greater Boston. Her schedule is much too heavy to allow her the time, but she's one of those people who, somehow, always manages. Because of people like her, and people like you

who will listen to her story, the works of the United Fund's 288 agencies and services will be made more effective and useful in Greater Boston during the coming year.

On or after November 4, one of your neighbors will call to tell you the United Fund story — a story which will help you to understand the many, many ways in which you can share with your *one* contribution. Will you spare a moment for the volunteer who calls on you? Remember — it's a great day when you can help people by sharing the United way!

CONGRESSMAN LAURENCE CURTIS

St. Demetrios Yule Bazaar To Be Held Dec. 2.

The women's auxiliary of St. Demetrios Church of Newton-Wellesley, have completed plans for their annual Christmas Bazaar to be held on December 2nd at the church hall on Washington street.

Named as chairman of the gala event was Mrs. Marion Lucas and as co-chairman, Mrs. Ida Athans. This year all funds raised by the bazaar will be used for an extensive youth program of education and recreation.

Featured in a holiday setting will be a dozen booths, offering a variety of gifts such as beautiful handmades, Athenian jewelry, Christmas decorations and many other unusual items.

Appointed as chairman for the various booths are: Mrs. Van Karsgianis, baked goods; Mrs. Mary Papaionis, stocking fillers; Mrs. Athena Speare, general shopping; Mrs. Tullie Samellas, Christmas decorations; Mrs. Alice Bassett, handcraft; Mrs. Gene Demeter, white elephant; Mrs. Josephine Papadellis, snack bar; Mrs. Demetra Tremos, plants; Miss Portia Pantages, staple foods; Mrs. Ellie Loomis, raffie; Mrs. Aspasia Manty and Mrs. Lulu Demakes, publicity; and Mrs. N. Voss, Athenian Corner.

Both Rep. Heaney and Mr. Muther maintain that Newton would have more to say about the route if a freeway connects the East-West toll road with Boston than it would if the toll road is extended.

They have asserted that Newton could use its influence to protect homes and institutions in solving the question whether the extension should bisect the city by following the route of the Boston & Albany tracks, or go around the perimeter on the North Side.

Rep. Heaney, a public accountant with more than 30 years experience, has served on the Legislative Committees on Taxation, Municipal Finance, Public Service and Pensions and Old Age Assistance, among others. He was a member of the special commission to study future use of the Newton water lands in Needham.

Mr. Muther, an attorney, received an impressive vote in the primary. He has drafted legislation in conjunction with the Boston Redevelopment Authority to activate the use of Urban Redevelopment Corporations in Massachusetts.

Democratic candidates Irving Fishman of Newton Centre, a top vote-getter in winning the Democratic nomination, and Richard L. Curley of Newton Upper Falls, making his first try for elective office, hope to swing the traditionally Republican District into the Democratic column on Tuesday.

Mr. Curley is a Boston College Law School graduate, and maintains that in a predominantly Democratic legislature Newton has had a vote which did not count.

Mr. Fishman is emphasizing the need for stepped up efficiency in the operation of the MTA Highland Branch.

"The voters should be aware of recent proposals to convert the Highland Branch line to rapid transit," he said. He called for "forceful, aggressive representation on Beacon Hill to protect the interests of Newton taxpayers."

Newton South Weakens To Lose 30 to 18

Newton South High gave a mighty good account of itself last Saturday against undefeated Melrose High before finally succumbing in the second half and wound up at the short end of a 30 to 18 score at Melrose Field.

South travels to Stoughton this Saturday before tackling Needham on Nov. 11.

Newton began the scoring when Ron Marino went over from the one in the second period, but Melrose came back just before the half ended. Dave Reardon went 74 yards until he was brought down on the Newton 17. After a series of short gains Reardon carried over from the one.

South was outplayed in the third period and Melrose scored twice. They scored once more in the fourth period. In the final period full-back Dick Mayne went 55 yards and a TD and then a pass, Marino to John Parnell, scored the third Newton tally just before the game ended.

Newton High Faces Tough Beverly Next

Win-less Newton North High seems destined for another drubbing Saturday when they journey to Beverly to tackle the North Shore League leaders.

Beverly notched its sixth straight win last week with a 20 to 0 victory over Danvers while Newton was dropping its sixth straight game of the season, 18 to 8, to Medford at Dickinson Stadium.

Newton came close to winning that game, in fact controlled the game until the final two minutes when a flubbed punt set the stage for a Medford touchdown.

The Orange scored in the first quarter when Fred Dallacandro went over from the two at the end of a 42 yard drive. He added two more points on a pass from Mickey Beard. Medford scored in the second period for six points at the end of a 51-yard drive.

Paul Sacco plunging for two. Newton held the slim 2-point lead until the two minute mark when a Newton punt skied high in the air and traveled two yards from the 24 to the 26, and from there Medford took it over on three plays. On the last play of the game Medford scored again.

JOHN J. DRONEY

Droney Promises Continued Fight Against Crime

District Attorney John J. Droney of Middlesex County who scored an overwhelming victory in the primaries is waging a strong fight for reelection with a pledge for a continued fight against all crime.

He promised to continue to fight crime at its roots and reaffirmed his pledge of vigorous prosecution of all lawbreakers, no matter who they are or whom they know.

"My drive on syndicated crime throughout Middlesex County during my term of office has been a far-reaching one," District Attorney Droney said. "I promised and continue to promise an honest, fearless administration."

"I point with pride to my accomplishments as District Attorney. Because of an efficient administration, the office of District Attorney has won the respect of the courts, lawyers, police and the general public. Various programs have been initiated and they are constantly being utilized. By assigning Assistant District Attorneys to the District Courts, we are now able to assist the local police in legal research and presentation of the more difficult and important cases in lower courts," Mr. Droney continued.

"We have presented the Mock Trial in virtually every city and town in the county. This is an authentic reproduction of a criminal jury trial with explanations of criminal procedures and it has proven to be an effective method of educating the public in all aspects of a jury trial and the nature of citizen participation."

"In recognition of the problem of the juvenile and youthful offender, I established the Police Chiefs Advisory Committee which has met to review the juvenile problem, exchange information and coordinate action. In addition, a Juvenile Guidance Council was established to review each juvenile case which is entered in the Superior Court in an attempt to exhaust all possible resources to rehabilitate a juvenile delinquent or effect the greatest remedial action."

"My Legislative Research Bureau has been working hard since its inception and will soon file recommended legislation in an effort to help update certain criminal statutes to meet the present problems and needs."

"These, and other programs I have in effect today, will be continued during my administration as your District Attorney," stated Mr. Droney.

YOUNGSTERS ENJOY TOUR OF HOSPITAL — Second and third graders at the Murray Road School in West Newton are shown taking a breather on their recent tour of the Newton-Wellesley Hospital. School Youngsters Take Tour of Newton-Wellesley Hospital

A recent "field trip" to the Newton-Wellesley Hospital provided an unforgettable experience for 17 second- and third-graders of the Murray Road School in West Newton. The culmination of a Social Studies program begun early in the fall, the hospital tour was undertaken for the purpose of giving the youngsters an understanding of the health of the Newton-Wellesley Hospital, which provides for the safety of the Newton and Wellesley communities; it also enabled the children to acquire a positive experience of the hospital, one which is valuable to them in the future, should they at any time be patients there.

Mrs. Judith Friedman, of Rowe St., Auburndale, the teacher of a combined second and third grade at West Newton's Murray Road School. The class' Social Studies program began in September by studying health and safety in Newton. The second grade wanted to learn about the doctor and his role as a community helper, while the third grade wanted to learn about the working parts of a hospital and its larger role in the life of the community.

The children wrote letters to one of the third-grade parents, Dr. James Caulfield, of Auburndale avenue, West Newton, asking him to visit and answer their many questions. Dr. Caulfield, a biologist at Massachusetts General Hospital, Boston, accepted the invitation and brought with him some of the tools a neurologist uses to determine whether the senses of persons are healthy: eyes of taste, touch, sight, hearing, and smell. He also demonstrated "tools" familiar to children in a physical examination: tongue blade, stethoscope, etc. At this time he explained the various parts of a hospital such as the emergency room, the X-ray department, the laboratory, the children in the hospital, the children in the Newton-Wellesley Hospital, and by a recent article in the Newton-Wellesley Hospital, and by a recent article in the Newton-Wellesley Hospital, and by a recent article in the Newton-Wellesley Hospital.

Among the leading members of the legal profession who commended McCormack's administration as Attorney General are 21 presidents or former presidents of State, County and City Bar Associations. They include:

President Harold Horvitz and former Presidents Samuel P. Sears, Joseph Schneider and Richard Wait of the Massachusetts Bar Association.

Former Presidents Robert G. Dodge, Claude B. Cross and Alfred Gardner of the Boston Bar Association.

Edward O. Proctor, former president of the Massachusetts Bar Association and former law partner of the late Paul A. Dwyer, is serving as chairman of the Lawyers Committee for Attorney General McCormack.

Attorney Proctor, in a message to fellow members of the Bar, paid high tribute to McCormack's administration as

Attorney General. Their interest and cooperation resulted in the recent visit, under the guidance of Robert C. Boarman, an assistant administrator of the hospital, and Miss Janet Sargent, of Auburndale, teaching supervisor of the Medical School of Technology at the hospital.

Miss Marjorie Phillips, head nurse of the Children's Ward, was kept busy as she answered questions, raised and lowered the foot and head of the bed and helped her small guests try out the stethoscope. As each child left, a "Know Your Hospital" coloring book was presented.

Second graders from West Newton were Thomas Babbini, 85 Albert road, and Eve Teixeira, 92 Webster Park; third graders were Diane Arcuri, 256 Webster street, John Capello, 52 Stretford road, Ann Caulfield, 14 Auburndale avenue, Brian Maroney, 13

Leading Members of the Bar Praise Atty. Gen. McCormack

A committee of outstanding and distinguished members of the Massachusetts Bar today endorsed the candidacy of Attorney General Edward J. McCormack, Jr., and urged his reelection to a second term. Both Democrats and Republicans are serving on the committee.

He said that McCormack "has not only reorganized and revitalized many of the functions of the Department of the Attorney General but has expanded and modernized the very concept of the office."

"Thus, he created the now nationally recognized Division of Civil Rights and Liberties," Proctor declared. "He established a Consumers' Council. His sweeping reorganization of the Division of Public Charities was praised by the Harvard Law Review."

"He is perhaps the first Attorney General to develop a comprehensive program of legislation in the public interest including, among other things, extension of equal opportunity laws, furnishing of counsel for indigent defendants and restrictions on advertising frauds," Proctor said of McCormack.

Proctor asserted that McCormack's "legal ability and negotiating skill were recognized by the persons concerned as the single most important factor in the solution of the Prudential Centre."

"He spearheaded a drive against narcotic peddlers and broke up the gambling syndicate in Western Massachusetts," Attorney Proctor continued. "He has supplied the over-all leadership which has brought about closer coordination among all law enforcement agencies."

Attorney Proctor said McCormack has secured more criminal complaints and indictments than ever before in the history of the Attorney General's office "but has done so without seeking headlines and publicity."

"This type of legal service not only distinguishes the Attorney General but reflects great credit on the Bar of Massachusetts," Proctor stated. "We believe it is our obligation as responsible attorneys to rise above purely partisan considerations and make known his lawyer-like qualities to the general public."

Attorney Proctor urged other members of the Bar to help bring about "the richly deserved reelection of Attorney General Edward J. McCormack, Jr."

Mulhern Hits Curtis Record In Congress

Attorney Joseph J. Mulhern, Jr., Democratic candidate for Congress in the 10th district, today charged his Republican opponent with "blindly following the dictates of the do-nothing administration of his party without regard to the disservice he does to his district."

Mulhern claimed his opponent's votes "against a workable urban renewal and redevelopment program sponsored by Democratic Congressional leaders have deprived the 10th district of federal funds with which to do a proper job."

Mulhern said the present Congressman's vote to uphold President Eisenhower's veto of a pay raise for postal workers was "still another disservice to the people he is sworn to represent."

"The present Congressman's vote against a \$1.25 minimum wage also is indicative of his 'head-in-the-sand' attitude toward the rights of the workingman and woman to be paid a decent wage for their contributions to the economy of this state and nation," declared Mulhern.

Attorney Mulhern charged that in the field of foreign affairs "the present Republican Congressman is equally remiss in his duty and obligation to serve the best interests of the people."

He said that the present Congressman "has merely followed the stagnant party line of the Republican party which has led to a serious depreciation in United States prestige in Europe, the Middle East, the far-East and even in neighboring Central and South American countries."

Mulhern asserted that by contrast he has presented "a far-sighted, energetic, workable program designed to accelerate the lagging economy of the state and nation as well as to approach the critical problems of the world with the vision and vigor required to achieve the ultimate objective of enduring world peace."

Our Lady's Hi-Loses 30 to 0

St. Mary's High of Brookline romped to a 30 to 0 win over Our Lady's High team at Brookline last Saturday because their running attack gained consistently and the OL aerial attack never got off the ground.

St. Mary's gained 226 yards on the ground against 90 for the Newton team, and added 118 more yards via the air lanes on three completed passes. OL attempted 11 passes for no completions.

Our Lady's deepest penetration came in the third period when a recovered fumble on the Brookline 45 started a drive which stalled and St. Mary's took over on its 19-yard line.

St. Mary's is the undefeated Catholic Suburban League leader and Tom Flynn, leading scorer in the league, gained 69 yards on 11 rushes and tallied two TD's, one on a 14-yard run and the other on a 74-yard pass play with quarterback Bill George.

GEORGE E. RAWSON

Rep. Rawson Strong Foe Of Toll Road

Representative George E. Rawson, who is seeking reelection from the fourth Middlesex district, has been one of the leaders in the fight to prevent the construction of a toll road through Newton.

Rawson has battled the toll road bills every step of the way in the House of Representatives even when the odds were heavily against him.

He also has vigorously opposed curtailment of railroad service to the Newtons.

A familiar figure on Beacon Hill, Rawson was first elected to the House of Representatives 18 years ago—in 1942.

In the intervening period he has become one of the State's foremost authorities on the election laws and for a number of years served as House chairman of the legislative committees on election laws and public safety.

Rawson was a member of the Newton Board of Aldermen for nine years before election to the Legislature. In private life he is an insurance broker.

He has taken an active part in Newton civic and charitable undertakings, participating in drives for the Community Fund, and the Newton-Wellesley Hospital. He is a sustaining member of the Newton YMCA and the Newton Boy Club.

Whitmore, Freedman Back Senator Joseph Silvano

Two prominent Newton public leaders — former Mayor Howard Whitmore, Jr., and School Committee Chairman Haskell C. Freedman—today urged the reelection of State Senator Joseph Silvano.

Both Whitmore and Freedman warmly praised Silvano's public record and highly commended his candidacy to the people of Newton who are now in his district.

Senator Silvano is standing for reelection in a newly established senatorial district which takes in Wards 1, 6 and 7 of Newton.

Ex-Mayor Whitmore declared that Silvano has made an "excellent record" in both the House of Representatives and the State Senate.

Whitmore characterized Silvano's record as one "which merits his retention in the State Senate."

School Committee Chairman Freedman said he has known Senator Silvano through the latter's service as director of the Brookline Council of Public Schools.

Freedman said that Silvano has demonstrated a keen interest in educational matters and has consistently worked to make possible the improvement of school standards.

Chairman Freedman observed that Senator Silvano provided valuable service for eight years as a member of the legislative committee on education.

JOSEPH SILVANO

"Senator Silvano has proved himself an excellent public official," School Committee Chairman Freedman declared. "I recommend him most highly to the voters in Wards 1, 6 and 7."

A well known businessman and a director of the Chestnut Hill Cooperative Bank, Senator Silvano has been active in civic and fraternal as well as public affairs.

He is a member of Kiwanis, the Elks, the Knights of Columbus and is a past president of the Junior Chamber of Commerce.

As a member of the State Senate and the House of Representatives he has served for eight years on the legislative committee on education.

Because of the attention he received through his work on that committee he was appointed a member of a Special Commission on Juvenile Delinquency.

Several suggestions advanced by Silvano for improving educational methods were put into effect at the Lancaster School for Girls and the Lyman School for Boys. He also has sponsored a number of bills which were enacted into law.

In the eight years he has served in the Legislature Silvano never has missed either a roll call or a meeting of any legislative committee of which he was a member.

Senator Silvano in a message to the voters in Wards 1, 6 and 7 declared that he would appreciate the opportunity to continue to serve them in the State Senate.

"My record proves that I have worked hard and have been on the job," Silvano said. "I hope and believe it is a record in which the people of Newton can place their confidence."

POLITICAL HIGHLIGHTS

Tuesday's Bay State Voting Brought Political Upheaval

While the spotlight of public attention was centered principally on John F. Kennedy and his sensational and breath-taking run for the Presidency, a political upheaval was taking place in Massachusetts on day.

Democratic leaders had disputed pre-election forecasts that while Kennedy was certain to carry his home state by a massive margin, Massachusetts probably would elect a Republican U. S. Senator and Governor. They insisted that it would be impossible for any member of the GOP State ticket to survive if Kennedy carried Massachusetts by a half million votes.

But the impossible happened, and when the political shock came it struck with devastating force. To add to the strangeness of the political phenomenon produced by Tuesday's election in Massachusetts, as the two top figures on the Democratic ticket, going down to defeat, all the other members of the slate were achieving election in impressive fashion. The election, which saw many thousands of Massachusetts voters criss-cross back and forth on their ballots to make their choices, left a number of questions which the political pundits will ponder for a long time to come.

Two big shifts occurred in Tuesday's balloting in Massachusetts.

The first occurred when many thousands of Massachusetts voters switched to Senator Leverett Saltonstall and Governor-elect John A. Volpe after giving their vote to Kennedy.

The second came when they shifted back to Edward F. McLaughlin, Jr., the Democratic candidate for Lieutenant Governor, after helping to elect Saltonstall and Volpe.

It seems apparent that Kennedy provided some vital support for McLaughlin, Kevin H. White and in T. Driscoll, but not for Joseph D. Ward and Thomas J. O'Connor. Why?

A number of factors obviously contributed to the defeat of Ward and O'Connor and the election of Saltonstall and Volpe.

The defeat of Governor Furcolo in the September primary obviously hurt Democratic chances of holding the Governorship and lessened any slim hope that he had existed of ousting Saltonstall from office. Thousands of Democratic Italo-American voters busily voted for Saltonstall and Volpe, and in

Newton's "Cat Burglar" Gets Five Year Term

A Boston man has begun serving a five-year term in Concord following his guilty plea to a charge of being a "cat burglar" in four Newton breaks, just 13 years after he was convicted of a similar offense here.

Kenneth W. Jackson, 31, of 12 Westminster St., Boston, pleaded guilty before Judge Charles Bolster in Superior Court, Cambridge. The four breaks, committed during last May and June, netted \$150 and a watch. They were at dwellings in Commonwealth Ave., Normandy Rd., Bonma Circle and Windermere Rd., Auburndale.

Congressman Laurence Curtis took Newton by 15,585 votes over Attorney Joseph J. Mulhern, Jr., as he won reelection to a fifth term on Capitol Hill.

In one of the city's hottest election battles veteran Representative George E. Rawson nosed out Democratic Alderman Joseph G. Bradley to win reelection by 265 votes in the fourth Middlesex district.

So close were the returns in that fight that Bradley's supporters were urging him yesterday to petition for a recount.

The vote totals in that hectic struggle for two seats in the House of Representatives were 10,766 for Representative John W. Whittemore, 9656 for Representative Rawson, 9391 for Alderman Bradley and 8959 for former Alderman Alfred R. Guzzi.

Lorenz F. Muther, Jr., executive director of the Newton Taxpayers' Association emerged the victor in a tight race for the House seat being relinquished by Representative Irene K. Thresher. Muther edged out Irving Fishman by 676 votes.

The vote in that contest in the fifth Middlesex House district was 14,168 for Representative Arthur G. Heaney, 11,753 for Muther, 11,077 for Fishman and 8800 for Richard L. Curley.

State Auditor Thomas J. Buckley was the top Democratic vote-getter in Newton, polling 2634 more votes than did Kennedy in a sensational sweep across the city.

Buckley, whose report touched off the MDC investigation, piled up 27,116 votes in Newton to 19,060 for Gardner B. Wardwell, his Republican opponent.

Kennedy edged Nixon in Newton after a furious battle for votes between supporters of the two Presidential contenders.

Aldermen Vote \$60,000 Funds For Ice Fight

An appropriation of \$60,000 toward the snow and ice account and transfer of \$10,000 in the Public Welfare Department were voted Monday night by the Newton Board of Aldermen during a meeting which was kept short because of the election.

Finance Committee chairman Earle D. Wood said most of the new funds would be used for the purchase of sand and salt because there still is \$9,812 in the snow and ice account. The \$10,000 transfer was due, Chairman Wood explained, because of the increased cost of disability assistance and the decrease in the welfare expenditures.

FIREFIGHTERS AID DRIVE — Newton fire fighters have once again turned in a sensational job in their annual house-to-house drive to fight Muscular Dystrophy. Citizens Who Aided Hallowe'en Party Success Lauded By Mayor

Newton's recent 1960 Hallowe'en observance, the city's 20th annual city-wide celebration, lived up to advance billing, as the most successful in the history of this nationally acclaimed program according to final reports. Thousands of school age youngsters attended more than 400 individual parties held throughout the city.

Commenting on the success of the celebration, Mayor Donald L. Gibbs Recreation Commissioner C. Evan Johnson and the General Chairman, Dr. R. Emerson Sylvester, were unanimous in their praise for the hundreds of civic-minded citizens who made it all possible.

"The continuing success of Newton's Hallowe'en parties," Mayor Gibbs asserted, "is a tribute to all those parents who contributed so much of their time and effort to Dr. R. Emerson Sylvester, who once again served as general chairman."

"This united effort of our citizens, working with the Recreation Department headed by Commissioner C. Evan Johnson, the School, and other city departments, gave our

young people a gala and also a safe night to remember. "I offer my sincere thanks to all those who worked so untiringly to give Newton's children the best Hallowe'en ever."

"Here again, Newton people have demonstrated their unique ability to work for a common community effort. It is just such a neighborly spirit that makes Newton the kind of a city we all want to live in," he said.

Commissioner Johnson, in his remarks, lauded the co-operation of Newton's people. "The Newton Recreation Department expresses sincere appreciation to all the Newton citizens who have given so much of their time, energy, ideas and talents in the promotion of this 1960 Hallowe'en celebration."

"It was heartwarming while visiting the parties throughout the city to see how many contributed to the success of this annual affair. Our children enjoyed themselves, free from the hazards of irresponsible activities."

"Parents and friends enjoyed themselves because of the knowledge that they have done an outstanding job of planning and programming."

"A progressive city has once again done a great job. We, in the Recreation Department, are proud to have worked with our friends and neighbors in the promotion

of this program dedicated to our children and our community," Johnson concluded.

"The City of Newton," General Chairman Dr. R. Emerson Sylvester said, "has now celebrated twenty years of successful Hallowe'en parties. Each year with the increasing number of children in our schools, the parties continue to increase in number, and the programs must be tailored to meet the needs of the individual villages. Hallowe'en continues to be a thrilling and wonderful time in the lives of our children. To the High School student this is the first big dance of the season, and to the grade school children, a tremendous masquerade for which costumes have been planned for months."

"Again this year, the emphasis was on family participation. Entire families worked together to make this the night of all nights. The results, with so little vandalism throughout the city, emphasize the importance of this family participation," Dr. Sylvester said.

Typical of the hundreds of parties from the High School down to the Totem Pole ballroom to the individual school parties were the following:

Over 200 children attended the party at the Burr School in Auburndale according to the Building Chairman Carlton K. Smith. The entertainment featured a costume parade, a chamber of fun and room games. This entertainment included cartoons and refreshments.

Committee members included Armando Rossi, Peter Dean, Mrs. Arthur Ross and Mrs. Elizabeth Norcross.

Mrs. Charles Delaney, building chairman for the Sacred Heart School party in Newton Centre, reports that 30 youngsters attended. The program included a "Singing Lady" for the younger grades, races and house of fun, and dancing for the 7th through 9th graders.

Chairmen included Mrs. Phyllis Bouzan, Mrs. Robert Capstick, Mrs. Arthur Milano, Mrs. Alfred Carpluk, Mrs. Douglas Murray, Mrs. Warren Garrepy, Mrs. Helen Carolan, Mrs. James McAdams and Mrs. Henry Barry.

The Carr School parties, from 4 to 5:30 p.m. and the other from 7 to 8:30 p.m. were directed by Building Chairman Burton Smith. In addition candy, favors and balloons, each child received a ball point pen.

An hour of games and refreshments and an hour of movies highlighted the program for 423 Franklin School children reports the Building Chairman Mrs. Doris Lacey. In addition there were refreshments of ice cream and candies and also prizes.

Douglas J. Raubenheimer of 197 Walnut St., Newtonville, recently was awarded a varsity letter in tennis for his efforts in the Springfield College 1960 Spring athletic season. He is a graduate student majoring in physical education.

Young Baton Twirlers Win New Laurels

Two Newton youngsters have gathered new laurels for their baton twirling skills. Jane Hopengarten, 13 years old, of Waban, and Janet Turner, 10 years old, of West Newton, took first place honors in their respective classes at the National Baton Twirling Association Open Championship held simultaneously with the Connecticut State Championship contest recently in Norwalk, Conn.

Miss Hopengarten, a pupil at Weeks Junior High School, is the Massachusetts State Junior solo and two-baton Champion — titles which she has held for the past four years. In Norwalk, Conn., she carried off first place trophies in both these events once again, by winning over a star-studded field of competitors that included the present New York, Pennsylvania and New Jersey Junior State Champions.

Little Miss Turner, a pupil at the Davis Elementary School, is already a top-seeded state juvenile champion. She placed first in her solo class as well as first with her strutting routine.

Both young ladies have been selected to appear in the 1961 edition of "WHO'S WHO IN BATON TWIRLING," published yearly by the National Baton Twirling Association, Janesville, Wis.

Janet Turner, is the daughter of Mr. and Mrs. James B. Turner, 34 Curve Street, West Newton. Jane Hopengarten, is the daughter of Dr. and Mrs. S. W. Hopengarten, 68 Avalon Road, Waban.

Trio Sentenced For Theft Of Bowling Balls

Bowling, a sport steadily growing in popularity, brought three former employees of a Newton Upper Falls factory into Newton District Court this week where they pleaded guilty to larceny of at least 10 balls valued at \$350.

Joseph T. Litif, 31, of Boston and Robert A. Grimes, 21, of Watertown, were given suspended sentences of three months in the House of Correction by Judge Gardner W. Russell. A suspended sentence of one month was imposed on Bernard Baston, 31, of Occipet Rd., Newton Upper Falls.

According to police, the trio worked a deal whereby bowling balls made at the Stowe-Woodward Co., 191 Oak St., Newton Upper Falls, were drilled to requested measurements, taken out of the plant and delivered to purchasers in an alleged made-to-order arrangement.

Police reported that 10 of the bowling balls were sold to employees of a Watertown factory.

Women Voters Will Discuss Higher Education in State

The present status and future needs of Massachusetts publicly supported higher education will be studied and discussed in unit meetings of the League of Women Voters of Newton November 15, 16 and 17.

Mrs. Douglas Reynolds, chairman of the Public Higher Education Committee, has raised several questions to pinpoint the vital areas for discussion. Does Massachusetts give adequate support to this vital area of state responsibility—the need of its young people to receive the education to become useful and productive citizens of the state and nation? Does higher education in Massachusetts meet the needs of our industries and services in providing trained personnel? Can all the young

people of Massachusetts rely on our great private colleges and universities to provide the education they require? How good should our public higher education be? Should institutions of higher education be subject to the same legislative and administrative controls over finances and personnel as all other state agencies?

League members and interested Newton women are invited to pursue these questions at any of the eight unit discussion meetings

which are scheduled as follows:

Tuesday, November 15 at 9:45 a.m., at the home of Mrs. Joel Leighton, 31 Colgate Road, Newton Lower Falls; leader: Mrs. Proctor Houghton.

Heart Surgery

(Continued from Page 1)

The boy was suffering from pneumonia and Dr. Margaret Blair and Dr. Wilmer Heath urged his parents to undergo further examination. They knew he was suffering from the heart disease. But X-rays disclosed "an odd contour to the heart" and an opening in the ventricles.

The boy had led a fairly normal life, but as he would grow older he faced an inactive life, probably spent in

bed. Mr. and Mrs. DeSimone decided to give him "a chance in life so he could enjoy it." The surgery was performed by Dr. Arnold H. Colodny under the supervision of Dr. Robert Gross who developed open heart surgery. During the operation the doctors discovered a malfunction in the main artery leading to the brain and they corrected that, too.

Almost a week has passed since the operation during which a call for Type O RH positive blood was answered by 25 donors who came to the Newton Red Cross office. Among the 17 donors was middleweight fighter Joe DeNucci of 53 Gardner St., Newton.

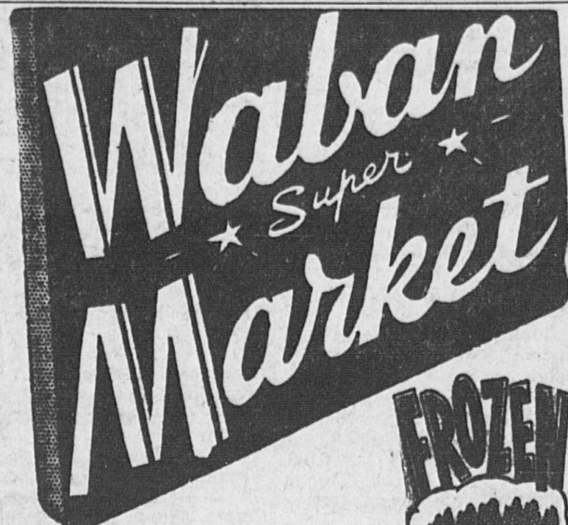

"I was amazed to see him in such good condition," exclaimed his happy mother. "He came through the operation with flying colors."

Political Highlights

(Continued from Page 1)

Volpe's case they probably meant the difference between victory and defeat.

The upset of Furcolo in the primary also left the Democratic party in the state leaderless and to some degree disorganized.

Ward may have been harmed to some degree by the MDC scandal, although there's no evidence that it hurt any other member of the Democratic State ticket.

Supporters of some of the other candidates who opposed Ward in the primary also were under the impression that he was given an unfair advantage on the September ballot.

Ward also made some tactical errors in his campaign which probably cost him a substantial number of votes. But for them he might have won in the face of the other obstacles.

O'Connor never really got his campaign off the ground. He flashed into prominence with his unexpected primary triumph over Furcolo and then faded into obscurity. He also was running against an opponent many people regard as a political institution.

Saltonstall and Volpe, of course, deserve great credit for winning in the face of the Kennedy tidal wave and in a state which is basically Democratic. They demonstrated that Massachusetts is still a two-party state.

Volpe's victory was all the more remarkable and impressive in that he was making his first run for public office. And he made few mistakes in his campaign.

An interesting sidelight to Volpe's election, incidentally, is that while Democratic voters of Italian descent obviously contributed to his win, he carried some normally Democratic sectors where there are no large groups of Italo-Americans.

Even as he savored his spectacular triumph, Volpe was faced with enormous problems for the next two years. He will be obliged to work with a legislature that is strongly Democratic and a Governor's Council that is completely Democratic.

Both Attorney General Edward J. McCormack, Jr., and State Auditor Thomas J. Buckley made tremendous showings in Tuesday's election.

McCormack's was probably the more significant politically for several reasons. While Buckley apparently is content to continue as State Auditor, the office in which he has served for the past 20 years, McCormack undoubtedly will strike out for higher honors, possibly two years hence.

The vast plurality by which the Attorney General won reelection also reflects the manner in which he has grown in stature and prestige during the past two years.

Boston City Council President Edward F. McLaughlin, Jr., also moved into a place of prominence on the state's political scene by winning the Lieutenant Governorship in so decisive a manner.

This is the first time since 1944 that Massachusetts voters elected a Governor of one party and a Lieutenant Governor of the other party. McLaughlin had the vote-getting ability to withstand Ward's defeat.

Another bright and promising young leader on the Democratic scene is former Assistant District Attorney Kevin H. White, son of Boston City Councillor Joseph C. White, who will assume office in January as the new Secretary of State.

In view of the closeness of the tense race between Senator Kennedy the political experts undoubtedly will try to pinpoint the reason for Kennedy's win and Nixon's defeat.

Nixon's agreement to engage in a series of debates with Kennedy may well be singled out as the turning point in their contest.

Before the first debate was held Nixon was rated the favorite, and the issue that appeared to place him in front was that of greater maturity.

That issue vanished when the two men met in their initial face-to-face debate which saw Kennedy more than hold his own, and Kennedy almost immediately moved out front in the contest.

Scholars of politics agree that Nixon as the Vice President violated one of the fundamental rules of campaigning when he consented to debate Kennedy. That rule is that candidates don't engage in debates with opponents less prominent than themselves.

It is pretty generally known that President Eisenhower advised Nixon against engaging in the debates.

The Nixon strategists agree that it probably was a serious mistake to debate Kennedy. But they have one question which is difficult to answer. They ask how Nixon could have avoided the debates and refused to meet Kennedy and if he wouldn't have lost prestige if he had done so.

One Bay State Republican who won the most impressive victory of his career on Tuesday was Congressman Laurence Curtis.

Faced with a formidable opponent in Attorney Joseph J. Mulhern, Jr., son of one of Boston's best known political figures, Curtis rolled up by far the greatest plurality he has recorded in any of his five congressional contests. He showed tremendous vote-pulling power in Democratic sections of Boston.

Headlights and Highlights From Newton South High

By JUDY BURAKOFF

HEADLINES The senior Class held its first assembly last Thursday in the newly completed auditorium. The theme of the program was to encourage more spirit within the class to learn more about Newton South High.

Dr. Donald K. Davidson, the principal, spoke to the group urging them to take advantage of the many opportunities available at N. S. H. S.

The Senior Class officers were introduced; president Bruce Fitzpatrick, 1st vice president Dick Geist, 2nd vice president Sue Glickman, secretary Mara Eglitis and treasurer Eliot Sherman. Mr. Robinson, the class advisor, said a few words and Coach Ronayne also spoke.

The question of students being allowed to bring their cars to school still prevails. Dr. Davidson explained at the Senior assembly that the main reason is the bad roads which the students would have to use.

He also mentioned the national surveys that were being conducted, proving that students with high academic standards were not among the ones who drove to school. In conjunction with this problem the P.T.S.A. is conducting an opinion poll with the parents to find out their attitudes.

Newton South High receives a number of visitors daily from all parts of the United States. In order to handle this situation, close to 120 students are part of a guide program. This program headed by Dick Geist is responsible for showing the visitors the sights at N.S.H.S.

JUNIOR CLASS . . . The Junior Class officers are: president, Bob Swett; vice president, Carol Cohen; secretary, Leslie Allen and treasurer, Alice Kaplan. The main points of the Junior Class program will be the Junior Prom and school ring. The possibility of having one school ring rather than a different one each year is being discussed.

PTSA . . . The function of this organization, made up of students, parents and teachers, is to try to solve any problems during the school year. It serves as a place where parents, teachers and students can get to know one another better. The officers are president, Dr. Samuel Hedrick; parent vice president, Dr. Thomas Bowler; teacher vice president, Clifford Carl; student vice president, Dick Aborn; treasurer, Mrs. Parkhurst; recording secretary, Mrs. Fred Newcombe and Mrs. Alfred Obermeyer, corresponding secretary. The student representatives are Patty Karlin, Charles Lidman and Paul Leventhal.

Women's League For Peace Meeting Here On Nov. 16th

The Newton-Wellesley branch of the Women's International League for Peace and Freedom is continuing its cross-cultural study of childhood education for peace and freedom. The purpose of this study is to examine the child-rearing methods of several different cultures with their implications for building attitudes of peace and freedom.

Study leaders are Mr. and Mrs. Marvin Snider, both of whom are trained and skilled in group leadership. Mrs. Snider has worked with adolescents in a suburban high school and is currently doing psychiatric social work at the Boston Family Agency. Mr. Snider is completing his doctorate in social psychology at Boston University and is Research Affiliate in the Human Relations Center there.

HONORED AT NEW YORK — Dean Elsbeth Melville, of Newton, at left, retiring National President of the Camp Fire Girls receives first sheets of Commemorative Stamps from New York City Postmaster Robert K. Christenberry at convention at Hotel Commodore, where Miss Melville received special honors. Also in photo Camp Fire Girl Carol Conger.

Dean Melville Honored At Camp Fire Conclave

Elsbeth Melville, well known Newton resident, dean of women at Boston University, and retiring president of the National Council of Camp Fire Girls, was re-elected as a member of the board of directors of the Camp Fire Girls at the Golden Jubilee Convention of the organization held at New York's Hotel Commodore and which ended last Thursday.

The three-day convention was attended by 3,000 delegates from all over the country including many from Newton.

In voicing her farewell as president, Dean Melville urged Camp Fire Girls leaders to be sensitive to emerging social needs that relate to girls and to keep alert in developing new methods and techniques to meet them. "Above all," she said, "we must remain true to the heritage that is ours in Camp Fire Girls, the heritage that gives promise of the future, that of guiding the growth of a girl into womanhood, into full self-realization, surrounded by influences that bespeak strength of character, nobility of purpose, love of the beautiful, a spirit of happiness, faith in God."

The Wo-He-Lo Order, highest honor of Camp Fire Girls, was given Dean Melville for her "constantly brilliant and inspiring leadership in maintaining the great traditions of American womanhood through Camp Fire Girls." Wo-He-Lo signifies Work, Health and Love and is the watchword of the organization.

Seeks Support For Christmas Seal Campaign

Mr. J. Ellis Bowen, president of Newton Tuberculosis and Health Association, expressed appreciation for Newton's loyalty in past years to the Association's efforts and urged that at this opening of the 54th Annual Christmas Seal Campaign, attention be given to the present and future health needs of this community.

According to Mr. Bowen "Tuberculosis is still widely prevalent, a vicious killer and the cause of expensive and prolonged illness and disruption of family life. This year 3,000 voluntary Tuberculosis and Health Associations, such as yours, will fight an estimated 70,000 new cases of tuberculosis which if left undetected and untreated will infect others. Tuberculosis in 1958 was responsible for \$750,000,000 cost to Americans."

Mr. Bowen stressed the value of association sponsorship and support of educational projects through public education, the granting of scholarships to local doctors and public health nurses and financial aid to the Medical Educational Program of the three local medical schools.

Illustrated Lecture On Russia To Be Given Here

Dr. Millard Harmon, of 15 Evergreen Ave., Auburndale, will present "Behind the Iron Curtain" next Thursday, November 17, at 8:00 p.m. The illustrated lecture will be given at the Newton City Hall, and the public is invited.

Dr. Harmon's presentation will be based upon 9100 miles of travel within the U.S.S.R. during a five week visitation. During travel within the Soviet many schools were visited, many students and teachers were spoken with, but few officials were contacted. As a result, Dr. Harmon's remarks will be directed toward his experiences with the average Soviet citizen, rather than the official Soviet viewpoint.

Dr. Harmon has lived in Newton for 29 years, and for the last 11 years has taught in the Newton Public Schools. He has studied at Boston University, the University of Oslo, and for the last two years has worked with Harvard University in their Master of Arts in Teaching program as a co-operating Master Teacher.

Harmon served for two years in the Army Air Force during World War II. He is married to the former Ruth Arness, of La Crosse, Wis., and has five children. He is a member of Post 48, The American Legion, serving at present on the Executive Board of that post.

Dr. Harmon's presentation Thursday is by popular request. Some time ago this subject was presented in a closed meeting of Legionnaires who felt that the timeliness of the message, and the interest of the moving pictures, was sufficient to warrant an extension to a larger group.

DR. MILLARD HARMON

A catered dinner will be served. For reservations call Thomas Peterson, LA 7-6487.

ARE YOU PREPARED to take charge?

Because immediate and important decisions must be made when death occurs in the family, it is very wise to be informed in advance as to funeral arrangements and procedures.

To help you to take charge in a difficult situation we offer a concise, informative booklet entitled "What You Should Know." It describes Social Security and Veterans' Death Benefits to which survivors may be entitled; what funeral arrangements include, costs, procedures and how to handle the many problems that arise. It is yours without obligation.

Kennedy Rally Car Rented Here Is Total Loss

Newton auto dealer Herl Abramson of Silver Lake Motors has written off as a total loss the rented convertible in which Senator John F. Kennedy rode in Monday night's huge rally in Boston.

The 1961 model was bashed in, the springs were gone and the hood and trunk were caved in. The driver said at one time he counted 24 persons riding in and on the car, most of them security people.

"It was completely destroyed," Abramson said. "They barely got it up the ramp at Boston Garden after the motorcade."

Newton Deanery Takes Part In Nat. Youth Week

Newton Deanery, which includes parishes in Waltham, Watertown and Weston, engaged in extensive observation of National Catholic Youth Week under the supervision of new Deanery Director, Rev. William J. McDevitt of St. Theresa's Parish, Watertown.

CYO and Chi Rho members of the Deanery participated in the National Communion Crusade wherein seven million young Catholics received Holy Communion on National Communion Sunday, and most of them attended daily Mass and received Holy Communion during the week as well.

In keeping with CYO's objective that the parish serve as the heart of the youth program, Fr. McDevitt encouraged observance of the 30th Catholic Youth Week at the parish level. Communion breakfasts, holy hours, teenage missions and investitures were held as principal emphasis was placed on the spiritual phase of the youth program.

Mr. and Mrs. Glenn MacLeod (Marion A. McLeod) recently moved from 79 Wyman street, Waban, to Westwood, where they are living at 50 Lanark drive. Before the MacLeods came to Newton they were residents of Wellesley.

Newton May Qualify For US School Aid

Newton parents this week are filling out a questionnaire brought home from school by their children which could qualify the City of Newton with up to \$100,000 in Federal aid.

Newton has qualified for the past two years and received more than \$75,000 in government funds.

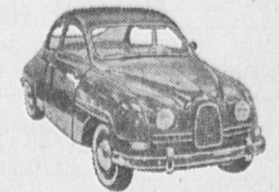

U. S. assistance is made available to communities if parents of three percent of the pupils are employed on federal property, under provisions of Public Law 874. A parent who is a member of the armed forces qualifies under this classification.

The school department must make two surveys each year, one at the start and the other at the close of the school year on the question of federal employment, according to Dr. Charles E. Brown, superintendent of schools.

Administrative Assistant Stanley Russell explained that it is easier if each school

tracks down its own questionnaires rather than doing it from the central office.

FOUR WALLS AND A FRIEND

A man can use a smile when his troubles pile up on him. And Nurse Lloyd always has one, no matter how many patients she visits in her full, eight-hour day, no matter how extensive the care ordered by the doctor, how long her reports, how many little extras she does to brighten the sick and the weary. For friendship, too, is a visiting nurse's job.

The Visiting Nurse Association is just one of many Red Feather agencies which benefit you and your community. And the Red Feather depends on the United Fund.

When you share the United way, you do so much for so many. You share in basic research by the Medical Foundation, which seeks to uncover the mysteries of virus infections, of hormone disturbances affecting the growth of children, of cancer, of lung, heart and all diseases. You share in the Red

Feather hospitals and agencies which care for the sick, protect the aged, counsel the troubled, guide the young through the Boy Scouts, Girl Scouts, Camp Fire Girls, Y's, and many other youth organizations and neighborhood centers. You share in the work of the USO, in the physical and spiritual rehabilitation of thousands through the activities of the Salvation Army and the Red Cross. The job is big, to be sure, but so is the heart of a community that believes in *people helping people*—the United way.

You will be asked to pledge the equivalent of "one hour's pay a month" because if this amount is pledged by everyone, the vital functions of the 288 agencies and services can be continued and made more effective and useful during the year ahead. Remember, when you share the United way, you do so much for so many with one pledge, once a year.

T.A. Council Maps Plans for Safety Meeting, Concert

Charles Brown, superintendent of schools, headed the list of guests at the PTA Council meeting last Thursday at which Jerome Grossman presided. The Council plans for the forthcoming public meeting on way safety announced Mrs. Robert G. Toher, man for Health & Safe-

lege and expressed the hope the PTA Council would help carry an "authentic image" of this community college to the public. President Grossman suggested Mr. Dudley's report be brought to the individual school PTA units.

Mrs. Irving Helman, chairman of the Creative Arts Committee, praised the enthusiastic members of her committee, numbering between 40 and 50. A bulletin of programs sponsored by the committee and used in Newton schools, has been sent out. Eighteen hundred tickets have been sold for the Youth Concerts by the Boston Symphony Orchestra, and she expressed hope the obvious enthusiasm for music will be accompanied "by real concert manners" on the part of the young audience.

Mrs. Edward B. Kovar, chairman of publications, is planning four issues of the PTA Council's "Shop Talk." These cover such topics as the work of the Council, fund raising, the role of the teacher in the PTA and general programming.

Miss E. Gorgas, representative from the Newton Teachers' Federation, reported on the National Education Association convention in Los Angeles.

Beverly Beats
Newton North
High 38-8

A couple of pretty well mauled football teams square off on the Veterans Day holiday (tomorrow) when winless Newton North tackles Waltham in an objective game starting at 1:30 p.m.

Newton has a slight distinction. It wasn't battered quite as much earlier in the season by Brockton's unbeaten Class A powerhouse. Brockton beat Newton 48 to 6 early in October, while last Saturday Brockton rolled over Waltham 60 to 6. It was the highest score ever piled up against a Waltham team in modern history.

While Waltham was taking its lumps, Newton North was taking a 38 to 8 beating from Beverly which is undefeated and is tied with Brockton and Lawrence in the Class C race.

Half a dozen Beverly backs figured in the scoring against Newton, which highlighted its game by the defensive play of halfback Dick Carle who on three occasions caught Beverly backs from behind.

Beverly reserves were on action late in the fourth period when sophomore quarterback Mickey Beysd passed 12 yards to halfback Fred Dallandro in the end zone for Newton's only TD.

Newton South Hi Ties Stoughton Tackles Needham

Newton South High's road team gridders will have their hands full on the holiday tomorrow (Friday) when they try to keep the Needham Rockets from taking off at Dickinson Stadium starting at 1:30 p.m.

South was able to score only a single touchdown for a 6 to 6 tie against winless Stoughton last Saturday while Needham was caught asleep and was edged by Milton 6 to 0.

The Needham boys might be just peevish enough because of their showing against Milton to be "up" for the Newton South game. On the season's record Needham must be installed as a favorite.

Stoughton went out in front early in the second period. Dick Jasmin intercepted a pass and raced 46 yards for the TD, but the conversion attempt failed. Newton immediately tied the score on its next march South climaxed a 57 yard drive on quarterback Dick Marino's one-yard keeper.

But the try for what could have been the winning conversion point failed.

Western High Spots Lecture In Auburndale

"Western High Spots", a new lecture by Dorothy Bates, will be presented on Wednesday evening, November 16, at 8 o'clock, at the Auburndale Congregational Church, Woodland Road, Auburndale.

Mrs. Bates' latest program developed from a vacation trip last summer in which she, her husband and three friends, followed the romantic old Oregon Trail of Gold Rush and Homesteading days, from its beginning at Independence, Mo., to the "Parting of the Ways" on the Continental Divide at South Pass, Wyo. Along the way are markers, graveyards, weird rock monuments and actual ruins through grasslands and sagebrush.

Newton residents may be interested to know that at the Jackson Homestead, Newton's historical museum, may be seen excerpts from the diary of Charles Gould who was one of a band of 49ers making up the "Boston and Newton Joint Stock Association" who traveled the Trail all the way to California. Included in the group were Edward Jackson who lived at the Homestead and George Winslow who died of cholera at the age of twenty-five and was buried "on a beautiful swell of the prairie" in Fairbury, Neb.

The second half of "Western High Spots" depicts places of historic and scenic interest to be reached from the frontier town of Durango in southwest Colorado. Among these are the mining town of Silverton, now used for movie sets, Pueblo ruins at Aztec, N. M., and the even more dramatic cliff dwellings at Mesa Verde.

Then came a period of relaxation at a dude ranch in the magnificent San Juan mountains, and featuring riding, fishing and nature study. Heading east over high Rocky Mountain passes to Denver, the group spent a last night near the Moffat Tunnel, enjoying sunset and moonrise over snowcapped peaks. A freeway offering will be taken.

POLITICAL HIGHLIGHTS

Former Boston Post Political Editor

Cormack, McDonald Top

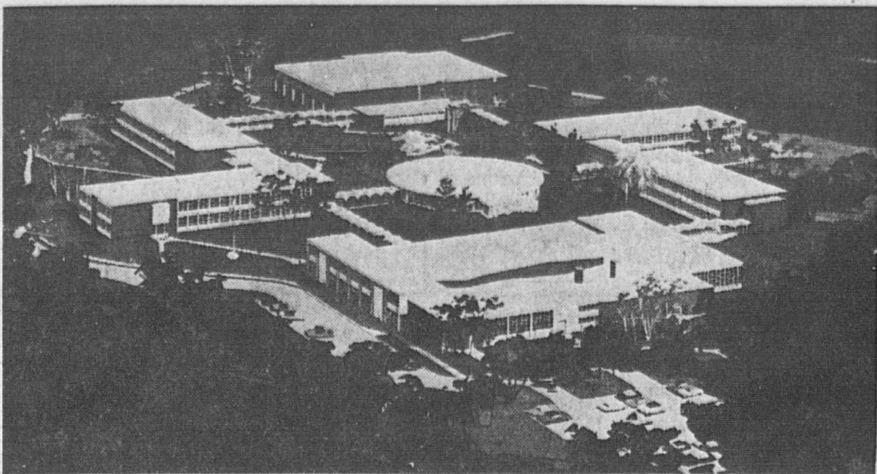

spects for Senate Post

This is a time of conjecture on Beacon Hill, a "lame period when one rumor chases another through the House corridors. The greatest speculation centers on the selection of a Senator from Massachusetts and on whether or not Furcolo will become a justice of the State Supreme Court in the next few weeks. There is guessing as to who the outgoing Governor will be who takes the traditional walk down the House steps at high noon on Jan. 5, when John A. is inaugurated and assumes the Governorship, whether it will be Furcolo, Secretary of State Joseph P. or even State Treasurer John F. Kennedy. Varied opinions are expressed as to how Volpe will solve the problem of working with a strongly Democratic Legislature and a completely Democratic Executive Council and whether he will have a smoother relationship with the Legislature than did his predecessor.

Conjecture has started on the appointments of President-elect Kennedy will make to the high federal posts in Massachusetts such as U. S. Attorney, Collector of Port and U. S. Marshal.

With Kennedy preparing to move into the White House in just about two months, politicians are wondering who will emerge as the new leader of the Democratic party in Massachusetts and how soon a struggle for position and power will start within the party in preparation of the 1962 election.

DEDICATE NEW SCHOOL SUNDAY — Architect's drawing of prize-winning Newton South High School, to be dedicated Sunday afternoon. School is designed around House Plan with core of the institution the circular library in the center of rectangular campus.

Newton South High, Educational Gem, To Be Dedicated On Sunday

Impressive dedication ceremonies will be held next Sunday afternoon, November 20, at 3 o'clock for the new Newton South High School. The building will be open for inspection at 1:30 P.M., with the dedication taking place in the school auditorium.

Dr. Harold Taylor, former president of the Sarah Lawrence College and a leading

figure in American education, will be the principal speaker. Mayor Donald L. Gibbs and School Committee member Haskell C. Freeman will participate in the exercises.

Newton South High School, because of its functional design, has received an award from the American Association of School Administrators,

and also has been described in several magazines, pamphlet and newspaper articles with national circulations.

The school, designed around the House Plan, is built to accommodate 1500 pupils.

In order to eliminate some of the problems of a large school it is divided into three houses, each of which holds 500 pupils, and in which these pupils will spend a considerable portion of the school day.

Outside the houses are specialized facilities such as a science building, gymnasium, administration building with

Gibbs Says City Must Cut \$20 Million Bonded Debt

Mayor Donald L. Gibbs has warned department heads that an effort must be made to cut the city's bonded debt which on Dec. 31, 1959, amounted to \$20,273,000.

He warned that it is "mandatory we be doubly careful to examine every request for further projects which must be financed by the sale of bonds."

The warning was coupled with a request that city de-

partment heads submit recommendations for capital improvements for the next five years to City Planning Consultant Charles E. Downe in preparation for the 1961 budget.

Mr. Downe said that the City this year retired more bonds than were issued. The 1960 debt payment was \$2,034,000, including \$493,428 interest. New bonds issued amounted to \$1,400,000.

Similar reductions were made in 1953 when \$1,236,500 worth of bonds were retired and \$1,083,000 new bonds were issued, and in 1958, when \$1,475,000 worth were paid off and \$1,250,000 were issued, Mr. Downe reported.

The planning consultant's survey showed that the city's bonded debt was \$9,700,000 in 1950; \$16,020,000 in 1955, and \$19,639,000 this year.

The bonds for the South High School, issued in 1959, made that year the highest in the decade for new bonds issues, with \$4,750,000, while 1952 was the second highest with \$4,370,000.

Already authorized for 1961 is a \$375,000 bond issue for an addition to the Oak Hill School. Debt payments due next year will total \$2,014,000 including \$495,754 in interest, Mr. Downe reported.

BU Promotes Newton Profs.

The Boston University School of Medicine has announced the promotion of Dr. Maurice B. Strauss of Chestnut Hill to full professor of medicine and announced several other promotions to the staff.

These included Dr. David Limentani of Waban and Dr. Lazarus Secunda of West Newton, as associate professors; Dr. Max Day of Waban as lecturer, Dr. Edward A. Gensler of Newton Centre, as associate professor in surgery, and Dr. Abraham D. Fineman of Waban as research instructor.

First Newton High School Cost \$3,000

The Jackson Homestead archives will receive the report written in longhand in 1857 in which the Newton School committee recommended construction of a high school in Newtonville at a cost of \$3,000. The annual budget for teachers' salaries was set at \$2700.

The report was read by Supt. of Schools Charles E. Brown and it concerned the present Newton High School. "I'll buy it," commented Mayor Donald L. Gibbs at Monday's meeting, and suggested it go to the Homestead archives.

Urge Ban Of Trucks On 3 City Streets

The recommendation of Alderman Charles H. Cosgrove to ban truck traffic on three Newton streets has been referred to the Aldermanic Street Traffic Committee for study. Also referred for study was the suggestion of pedestrian lights at a three-way intersection in West Newton.

Mr. Cosgrove suggested in a communication to City Clerk Monte G. Basbas that commercial vehicles over two tons be banned from Fairway Dr., Randlett Park and Elliot Ave.

Schools Closed Election Day As Safety Measure

Dr. Charles E. Brown, Newton Superintendent of Schools, has announced that the closing of schools on Election Day last week was "purely a safety measure." He said the closing will not set a precedent, and that the question will be reviewed by the School Committee prior to the next election.

Rawson-Bradley, Melia, Silvano Results Spark Retabulation Of Votes

A recount will be made of the ballots cast in a tight fight for a seat in the House of Representatives in which Republican Representative George E. Rawson nosed out Democratic Alderman Joseph G. Bradley by a margin of 265 votes.

Also scheduled to be retabulated are the Newton ballots cast in the senatorial contest in which State Senator Joseph Silvano of Brookline defeated Brighton businessman John F. Melia by 1500 votes. Silvano is a Republican and Melia a Democrat.

City Clerk Monte G. Basbas told The Graphic that the recount of the close House vote in the 4th Middlesex legislative district will be conducted on Tuesday, Nov. 29. Basbas said the recount of the Senate vote will be held the following day.

The city clerk estimated that the House recount will be completed in a day and the retabulation of the Senate vote in half a day.

The legislative district in which the recount will be made takes in Wards 1, 2, 3 and 7. The senatorial district includes Wards 1, 6 and 7 of Newton.

Alderman Bradley filed petitions containing the necessary signatures of registered voters with City Clerk Basbas on Tuesday formally requesting the recount. Representative Rawson also filed a recount request as protective step.

The present totals in the

House contest, where Bradley is seeking a new count of the vote, are 10,766 for Representative John W. Whittemore, 9656 for Representative Rawson, 9391 for Alderman Bradley and 8959 for former Alderman Alfred R. Guzzi.

That is believed the closest House election in the modern history of Newton.

Supporters of Bradley, who urged him to request a recount of the ballots, believe that mistakes may have been made in counting the ballots during the stress of election night or that figures may have transposed in the rush.

Tabulations by The Graphic indicated that Silvano topped Melia by 1500 votes, with Silvano drawing 28,796 votes and Melia 27,296.

The three Newton wards in the senatorial district gave Silvano 8514 votes and Melia

Newton Safe Break Nets \$5,000 Cash

Newton and State Police detectives are cooperating in seeking clues to the safe-crackers who blew open a safe in the Fried Department store at 317 Watertown St., Newton, and escaped with \$5,000 in cash.

The burglary was discovered by the co-owner, J. Louis Fried, 61, of 59 Cook St., Newton, when he entered the building. About four years ago Mr. Fried was robbed of close to the same amount of money when he was enroute from the store to a bank.

Entrance to the one-story building was gained by prying loose a large, pyramid-shaped safe.

Education Week Is Observed Here Though Eclipsed By Election News

American Education Week, a vital date in the nation annually, this year was buried under the avalanche and lost in the thunder of the heated national elections.

As a result, many Newton schools continued their special programs through Monday of this week. Most local schools were open to the public last week although the attendance was not as impressive as the turnout of voters. Nevertheless, several hundred interested people visited local schools to see modern education in action.

"Our Tomorrows Are In Our

Schools Today" was the theme of the week in Newton, a city where cognizance of modern educational techniques has long been recognized nationally.

Proof of this recognition was exemplified last Sunday night when the Bowen School of Newton was presented in a nationally televised program "The Influential Americans" with Howard K. Smith, interviewer and commentator, as moderator.

Throughout the week at the Bowen, Burr-Murray Road, Cabot, Carr, Countryside,

Hyde, Lincoln-Elliott, Mason Rice, Spaulding, Peirce, Oak Hill and Underwood Schools, parents were encouraged to visit classrooms to watch their children follow the normal

City Opposes B & A Toll Road Extension Outline

Newton City Solicitor Matt B. Jones has registered the city's opposition to the proposal of the Boston & Al-

bany Railroad to abandon or relocate most of its main line tracks between Riverside in Newton and the proposed terminus of the East-West toll road near South Station.

His opposition was voiced before Examiner Clarence K. Young of the Interstate Commerce Commission where preliminary plans for the road extension were shown for the first time. A witness was Willard S. Pratt director of public works.

Examiner Young set the deadline for filing briefs by the B & A and the City of Newton at Dec. 5.

Solicitor Jones claimed the toll road would make it necessary to relocate passenger stations on the north side of Newton, and would isolate land on the south side from any direct freight service.

John O. Stubbs, managing partner of the Boston investment firm of F. S. Moseley and Co., claimed that a \$170-175 million bond issue would be needed in order to put through the 10-mile toll road extension. He estimated the actual construction would amount to \$140 million.

Toll revenue would be more than sufficient to pay the interest charges on the bonds, he asserted. He mentioned as examples a charge of 40 cents from Boston to Riverdale and

Second Church Panel Features 5 Foreign Students As Guests

Five foreign students were guest speakers on a panel sponsored by the Woman's Council of the Second Church in Newton in West Newton at

their second meeting. President Mrs. Albert E. Burgess of 80 Putnam Street, West Newton, welcomed the overseas guests. Mrs. Lawrence Monroe of 12 King Street, Auburndale, introduced the panel.

Mrs. Loy L. Long, 1830 Commonwealth Avenue, Auburndale, was moderator. She has lived for 18 years in India, has traveled extensively in Europe and Asia, and is currently chairman of the Overseas Visitors Committee of the World Affairs Council of Newton, which sponsors programs for guests from abroad. She displayed many objects d'art she had brought from abroad.

Mrs. Long stated that today there are 40,000 overseas students here in the United States, 5,000 of whom are in Boston, and 142 of these are in Newton. She said that these students not only receive education from us, but they come bearing gifts to share with us.

The first panel speaker was Mrs. Ophelia Pantejo of the Philippines, who is serving as a nursing supervisor at the Boston Lying-in-Hospital while her husband, Reverend Edmundo A. Pantejo, studies at Andover-Newton Theological School. Mrs. Pantejo told of hiding in the jungle for many years to avoid bombers.

Rosemary Kimani from Kenya, Africa, a student at Wellesley College, in answer to a question concerning Kenya's readiness for independence, maintained that

another two or three years is necessary before they are ready.

Miss Yutaka Kayama of Japan, a student at Boston College, appeared in a beautiful native costume.

Two Indian girls in native saris, who are doing graduate work at Boston College, are Miss Bharti Trivedi, a Hindu and Miss Chandra Bhatia, a Buddhist. The latter sang several native songs.

Glee Club To Present Fine Dec. 13 Show

Music of Bach, Handel, Schubert, Wagner, and Rachmaninoff is included on the program of the Highland Glee Club, scheduled for December 13 at Newton High School. Hallelujah Chorus, Twenty-Third Psalm, Pilgrim Chorus, folk songs and Christmas songs will be included, with the traditional audience participation in the singing of Christmas Carols.

A new release by H. W. Gray for male voices is a stirring ancient Dutch melody, "A Hymn of Brotherhood."

Edgar Randle, tenor soloist, will be accompanied by the Club as he sings the beautiful Rachmaninoff, "In the Silence of the Night," a familiar tune to most people. His beauty is enhanced by harmonies in six and eight parts in the chorus.

Among the Christmas music that the Club will sing is the famous Czech "Carol of the Drums" that became quite popular last year. The arrangement is by Katherine K. Davis, who resides in Concord, Mass.

The design plans showed that the major relocation of the B&A tracks would be east of Newton. Mr. Jones said. Only two of the present four tracks would remain and the Turnpike Authority would pay \$8 million for the

right of way in addition most of the cost of re-laying the tracks.
The eight-lane highway would also take several hundred yards of Soldiers Rd., west of Boston University bridge. This is the MDC has spent \$2 to improve. Filing in of the Charles River section of Soldiers Rd. could be moved also be involved.

Art Display at Newton South High

A highlight of the Dedication ceremonies of the Newton South High School is a week-end display of an exciting collection of contemporary paintings and drawings in Boston collections.

The unique project sponsored by the Parent-Teacher Association, a collection of 15 original works of art has been placed in the school's rooms, library, gym, and in the offices of principal and housemas-

ter. Pictures have been selected in areas where students congregate in their spare time, and sponsors hope the project will be the start of an exciting collection of contemporary paintings and drawings in Boston collections. The committee has selected the building — the first in the exhibition in the Newton schools.

paintings were chosen in a variety of styles and media to illustrate this.

Included in the exhibition are works by John Von Wicht, Karl Zerbe, Leonard Baskin, Paul Maxwell, Bernard Chae, Herbert Fink, Ruth Cobb, Lawrence Kupferman, Hans E. Achi Sullo, William Maynard and Pablo O'Higgins.

In addition to the works from private collections, the committee secured an important part of the display from the deCordova Museum of Lincoln, whose director, Frederick Walkey, demonstrated his support for the project by personally selecting from the Museum's permanent collection a number of major works.

The committee hopes, with the cooperation of galleries and private collectors in the area who have more objects

than they can display on their walls to change the exhibition twice a year.

Parents of students and others in the community possessing appropriate works, have been urged to loan from their collections for this project. All works are insured at the expense of the PTSA, and it was pointed out that the school is of fire-proof construction and adequately secured and

policed. Donald K. Davidson, principal, Miss Gertrude Creedon, housemaster of Wheeler House and Clifford A. Card, housemaster of Goodwin House, have all demonstrated their enthusiasm for the project by personally choosing paintings for their offices.

Silvano and Mella fought each other almost to a stand-off in Brookline and Brighton, and the Newton returns made Silvano the winner.

Irving Fishman, who lost out by 676 votes in a battle for a House seat in the fifth

Middlesex district, decided not to seek a recount although his backers had urged him to do so.

That means that Representative Arthur G. Heaney and Lorenz F. Muther, Jr., executive director of the Newton Taxpayers' Association, are officially elected to the House from the fifth Middlesex district.

The totals in that district were 14,168 for Heaney, 11,753 for Muther, 11,077 for Fishman and 8809 for Richard L. Curley.

Political Highlights

(Continued from Page 1)

Kennedy now becomes absorbed with national and world affairs. Congressional Majority Leader John W. McCormack will be tied to his duties in Washington. Governor Furcolo either will assume a judicial post or retire to the private practice of law.

Who then will don the mantle as the new Democratic leader at the State level in the Commonwealth? Most Democratic politicians anticipate the role will fall to Attorney General Edward J. McCormack, Jr., who was reelected by a massive 433,000-vote margin.

But a possibility exists that McCormack will move on to Washington to fill the seat in the U. S. Senate from which President-elect Kennedy is to retire.

The name most frequently mentioned during the speculation in political circles on the appointment of a new junior U. S. Senator from Massachusetts is that of Attorney General McCormack.

That, of course, is strictly conjecture on the part of the politically-minded, for while Governor Furcolo will make the appointment after Kennedy resigns, the selection of Kennedy's successor in the Senate will be made by Kennedy himself. And if Kennedy has made his choice, it is a carefully guarded secret.

One practical consideration, which probably will influence Kennedy's decision, however, is that the man named to Kennedy's seat in the Senate must be prepared to stand for election to the office in 1962 and to face a formidable Republican opponent of the stamp of Congressman Laurence Curtis, Christian A. Herter, Jr., or even U.N. Ambassador Henry Cabot Lodge if he changes his mind about retiring from politics.

McCormack's political goal is a seat in the U. S. Senate which was why he turned down suggestions early this year that he seek the Governorship. He would be prepared to run for Senator two years from now.

Attorney General McCormack and Congressman Torbert H. Massadon of Malden undoubtedly are among a handful of Democratic figures who will be given top consideration by Kennedy.

Former Boston Mayor and Democratic National Committeeman John B. Hynes has been mentioned as a possible choice for the Senate post. Hynes, however, declined to run for Governor this year and probably would not be disposed to run for the Senate in 1962.

Hynes is now building up his law practice after serving 10 years as Mayor, and it is somewhat doubtful that he would be interested in going to Wash-

ington for two years as Senator.

While many names probably will be mentioned before the new Senator finally is appointed, it would not be surprising if the field narrowed down to a choice between McCormack and Macdonald.

What especially intrigues political observers at the State House in discussing the possible appointment of McCormack to the Senate is that in the event of such a development a vacancy would open up in the office of Attorney General.

A fight for the position of chief law officer of the Commonwealth then might occur between Secretary of State Joseph D. Ward, unsuccessful Democratic candidate for Governor, and Endicott Peabody, one of Ward's opponents in the September primary.

If McCormack were named as Senator, the Legislature would elect an Attorney General to serve for the next two years. Ward probably would be the choice of the Legislature for the office, just as he was for Secretary of State after Edward J. Cronin died in 1959.

Persons close to Governor Furcolo report that he is desirous of becoming a member of the Supreme Judicial Court.

They anticipate that near the end of the year Furcolo will resign as Governor, that Ward will become Governor and will appoint Furcolo to the State's highest tribunal.

If McCormack, meanwhile, has been named to the U. S. Senate, Ward then will set his sights on the office of Attorney General.

Whether it will all work out that way remains to be seen, but that's the series of events about which State House insiders are speculating.

Governor-elect Volpe is confronted with far more problems than getting along with a Democratic Legislature. But that certainly is one of the problems facing him.

The fact is, however, that Volpe was placed in the Governorship by vote of the people of Massachusetts, and it would be pretty risky for the Democratic party in the State if the Democratic-controlled Legislature were to assume any resembling an "obstructionist" role.

That has been reflected in some of the statements by State Senate President John E. Powers who has urged that the Legislature approach its relationship with Volpe in statesmanlike fashion.

Governor Furcolo's trouble with the Legislature stemmed largely from his persistent fight for the adoption of a limited sales tax.

While Volpe never has held

The NHS library is adding a conference and study room to its present facilities. The room will be a service for those students who are working on group projects and need reference material from the library.

NHS has received reports from three of its students abroad. Participating in the American Field Service Exchange Program, and spending the year in Norway is Sue Draisen. Sue has learned to speak as a native Norwegian and is enjoying her studies and participation in outdoor activities.

Stan Freeman, also on the AFS program, is in Italy. He has seen many parts of that country and will visit Rome for a second time in December.

In a letter which appears in the Newtonite, Bob Beem tells of his life in Germany, of the people and their customs.

Juniors attended a Music Assembly Tuesday. Sponsored by the Music Department, the program included several selections which the A Capella Choir sang.

Crutches and splints are common sights at NHS these days. Even the girls are joining the football team on the list of injured. Margie Shapiro and Anne Barry have sported crutches recently, while Bev Smith, a cheerleader who bumped into a megaphone, has one finger in a splint.

elective office, he did gain considerable experience in working with the Legislature while he was Public Works Commissioner. He is no political novice in that respect.

A political shadow, however, will begin gathering over the State House soon after the start of the Volpe administration.

Politicians usually don't long after an election before they start getting ready for the next one.

Several Democratic figures undoubtedly will begin to try to maneuver themselves into a position to bid for their party's nomination for Governor in 1962.

Cong. Curtis Won Impressive Victory

Ranking close behind the political achievements of Senator Saltonstall and Governor-elect Volpe in last week's election, was that of Republican Congressman Laurence Curtis in winning reelection to a fifth term from the 10th congressional district on a landslide of votes.

In a district which Senator Kennedy carried overwhelmingly, Curtis won by 30,805 votes over Attorney Joseph J. Mulhern, Jr., an extremely formidable opponent. The 93,246 for Curtis and 67,441 for Mulhern.

Curtis even topped Mulhern on the combined totals of the seven Boston wards of his district which ordinarily give the Democratic candidate a fairly substantial plurality. Curtis' tremendous victory emphasized once again that he is one of the GOP's sturdiest vote-getters in Massachusetts.

Opposition to the request came from Charles A. Haney of 91 Washington Pk., and Michael Sherill of Boston, owner of an abutting lot. Mrs. Lillian B. Merrill To Seek Council Seat In 1962

Alderman Carleton P. Merrill of 15 Newtonville Ave., Newton, announced today he again will be a candidate for the Governor's Council in 1962, and said he will continue to campaign actively for the office for the many

months prior to the next election.

Merrill lost his bid for this position earlier this month to Councilor Abraham H. Kahalas of Boston. The unofficial vote was Kahalas 154,121 and Merrill 137,338.

"I am convinced," Merrill stated, "that the 2nd Governor's Councilor position can be won in 1962 by an active and aggressive candidate who is willing to spend the time to campaign in the area during the next two years."

He pointed out that in many areas his total vote exceeded that given to Sheriff-elect Charles Hedges of Norfolk County and that his vote exceeded that given to the Republican nominee for Congress, Charles Gabriel.

"Now that the election is over I have had an opportunity to review the returns from every one of the 32 cities and towns within the district," Merrill said.

"While I lost my bid for this position on Nov. 8 by a

margin of 16,783 votes this amount actually represents less than six per cent of the total vote cast for this office.

"When one acknowledges that President-elect Kennedy helped the members of the Democratic ticket in Massachusetts with the exception of U. S. Senator and Governor, when one realizes that an incumbent is 'worth' at least 10 per cent of the vote going into the election and when the returns show that outside of the four Boston wards I carried the district by 13,835 votes, one can fully understand my desire to seek this position again," Alderman Merrill said.

"Art Week" At Bowen School

Bowen School is the locale this week for many exciting adventures in art as the children observe Art Week, an annual event arranged by the Creative Arts Committee of the Bowen School P.T.A. This year's theme is "Nature in Art."

Special events have been planned for each grade. On Monday Mr. William Stevens from the Museum School of the Boston Museum of Fine Arts showed various forms of sculpture to the third and fourth grades. On Wednesday Grades 1 and 2 enjoyed a demonstration of "Puppetry at Work" by Miss Judy O'Connell and Miss Catherine Greenacre, both of Wheelock College. Tomorrow, for Grades

5 and 6, Mr. Frank Chambers of D. C. Heath and Co. will explain "Building a Book" from first manuscript to finished product.

These events are being held in the school library with small groups and an informal atmosphere in order to foster a stimulating interplay of ideas. Afterwards, each class is having a follow-up program of its own to further develop these ideas. For example, Mrs. Esther Walter's sixth graders have plans for writing and printing their own books. Each child will write original material, design his own book jacket, and plan his layout and print type. "Nature in Art" is the theme of two interesting dis-

plays at the school. On exhibit in the foyer are many items supplied by individual parents and teachers, and in the library are works of art loaned to Bowen by several local museums.

Final to Bowen Art Week will be a live production of the "Wizard of Oz" by the Wellesley Children's Theatre on Saturday, November 19, at 2:00 p.m., in the school auditorium. The public is welcome and admission is by donation of fifty cents.

Chairman of the Creative Arts Committee of the Bowen P.T.A. is Mrs. Alfred Bickelman. Members of her committee are Mrs. Seymour Silver, Mrs. Bernard Bergman, Mrs. Paul Orenberg, Mrs. Edward Schwarz, Mrs. Irwin Schafer, and Mrs. Frank Chambers.

Mrs. Esther Walter and Mrs. Katharine Winters, Bowen teachers, and Miss Eleanor Elliot, Art Supervisor for Newton Schools, have all worked closely with the Creative Arts Committee in planning this year's Art Week at Bowen.

You may see a working girl putting \$5 in a savings account at one window at Watertown Federal, and at the next window a man who "has made it," putting in \$10,000.

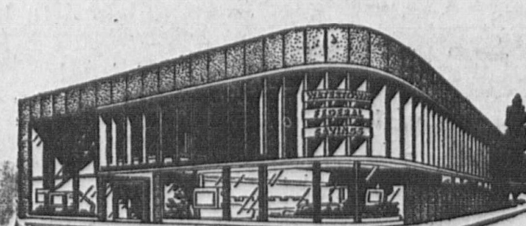

The bigger savers save at Watertown Federal because they want to play safe with their money, rather than risk it. They'd rather KNOW they will get back 100% of their money, plus dividends, when they want it (thanks, among other things, to that real insurance by FSLIC, an agency of the U. S. government). And they prefer Watertown Federal's dividends to a slightly bigger return (maybe) on a risky investment.

Oak Hill Group Joins PTA Council To Study Traffic

An important meeting sponsored by the Oak Hill District Improvement Association, in cooperation with the Newton Council of Parent Teachers Associations, to discuss traffic and safety programs will be held tonight, Thursday, November 17, at 8 o'clock at the Meadowbrook Junior High School auditorium.

The theme of tonight's meeting is prompted by the sudden impact of traffic to the Newton South High School, and because of the possibility of rapidly increasing traffic on Brookline street, past the "paulling school."

Under the heading of the "Three E's": Engineering, Enforcement, and Education, an authoritative panel of experts, professionally trained in this field, will discuss and answer questions relating to traffic problems in the area.

mal everyday pattern of instruction.

At Emerson School there were guided tours of the school building on Wednesday and Thursday in addition to the classroom visits.

At Cabot School a book fair was carried on in conjunction with American Education Week. Bowen conducted demonstrations in relation to their "Art in Nature" week. Hamilton School invited parents to attend school and the 5th, 6th and special class children served coffee and doughnuts to their guests.

In addition, the 5th grade presented an assembly entitled "Get Out the Vote." This may have had an effect in turning out a record attendance at the polls.

Because of the shortness of the school week, several Newton Schools carried their activities into this week. Carr, Claffin and Emerson Schools held open house on Monday evening, November 14th, and the Underwood School had a P.T.A. meeting on Tuesday evening, November 15th. Individual conferences and discussions of grade level programs were the themes for the meeting. Williams School conducted "Dad's Night" on Monday evening.

Teachers of Newton took part in a series of "workshop" meetings on Tuesday, when elementary schools were closed for polling. These work-

shops were designed to bring the teachers up to date on the latest experiments and developments in education.

"Campbell Kid" Wins 1st Prize In Big Contest

Miss Meryl Jane Farber of 247 Brookline street, Newton Centre, won first prize at the recent Halloween judging contest held at the Spaulding School, with a most unique costume.

Mrs. Robert D. Farber proudly pointed out that the entire costume was made at home. The little girl appeared at the "original, real-live Campbell Kid" in red and white costume, white apron with the legend "Campbell id" and the big, white chef's hat.

A large—almost as tall as herself—replica of a can of Campbell's soup completed the unique and most attractive picture.

Hansen MacPhee Sales To Open This Saturday

One of the largest Volkswagen dealerships in the United States will open its doors officially this Saturday, in Brookline Village at 308 Boylston Street, Route Nine.

Hansen-MacPhee Sales Corporation in Brookline, authorized Volkswagen dealers in the Brookline-Newton area, will be open to the public from nine a.m. to nine p.m. on Saturday.

A huge service area capable of handling more than 50 cars at one time is already in operation. The service will include everything from a "quick repair" area handling lubrication and minor repairs on an "in and out" basis, through an extensive repair and maintenance section equipped with hoists, a body shop, unit repair shop, spray-painting area, and eventually an upholstery section.

The parts department will stock some \$75,000 worth of parts, in sufficient quantity to build an entire Volkswagen sedan, including sheet metal, upholstery and windshield washers.

A large showroom fronting on Route Nine at Cypress Street has the capacity to display every standard model of Volkswagen truck and passenger car. (It won't, of course—not all at one time. Joseph McCarthy, general manager of the organization, says, "We wouldn't have too much walking-around room.")

The new dealership is on the site of the former Talbot Pontiac showroom, but has been completely rebuilt and remodeled inside and out. The one-story showroom and main service area dominates the plan, with a three-story building to the rear containing body shop, showers and lockers for the mechanics, a cafeteria, a schoolroom, and storage facilities.

The schoolroom will be the New England center for factory-training of authorized Volkswagen dealership service departments. Volkswagen schooling goes on continually, as dealers are added to the New England network and service managers and mechanics are added to existing dealer organizations.

Incidentally, there are 38 authorized Volkswagen dealerships in the five northern New England states now, and more being added as the demand for local service grows with the constant increase in VW sales.

Black-top parking on both sides of the new dealership has room for more than 70 cars, and landscaping and planting are still going on to keep the building up to the level of community standards of cleanliness and pleasant appearance.

The new dealership is owned by Tage "Lindy" Hansen of Lexington and John A. MacPhee of Weston, who are also President and Treasurer of Hansen-MacPhee Engineering Company, Incorporated in Bedford, New England distributor of Volkswagen. Their present dealership, also called Hansen-MacPhee Sales Corporation in Bedford, will remain in operation at 200 Great Road.

On display at the grand opening of Hansen-MacPhee Sales Corporation in Brookline will be the full line of Volkswagen trucks and cars. Among them are the famous "beetle" — the Volkswagen sedan; and the other passenger car models, among them the sunroof sedan, the convertible, and the special-body Karmann-Ghia convertible and coupe.

Volkswagen trucks to be displayed include the ½-ton panel, pickup and station-wagon lines, plus special-purpose vehicles such as a catering truck, ambulance, and refrigerator truck.

The new dealership is situated on Route Nine, Boylston Street, about one-half mile west of Brookline Village.

Newton North Loses 18 to 0 To Waltham

Hard-luck Newton North is girding all its meagre forces this week for the big Thanksgiving Day game with Brookline High School, fresh from its eighth consecutive defeat.

This was the 22 to 0 win by Waltham High last Friday in which Waltham scored 14 points in the final period to break up a close game. It was one of Newton's best efforts of a win-less season, but the Watch City boys clinched their second win of the season before 4000 at Leary Field in Waltham.

Last year Waltham came in to the Newton game without a win but upset the favored Newton team 20 to 12.

Last Friday Waltham had an 8 to 0 lead at halftime on a six-yard TD by sophomore

Ted Mareno which capped a 40 yard drive.

The third period was scoreless, but Newton had the best of it. They drove to the Waltham one where Don Dalicandro fumbled into the end zone and it was recovered by George Forte for a touchback.

Waltham took over on the 20-yard line and moved to the Newton 44 — going into the fourth period — where Ray Vitale raced all the way on a reverse to put the game out of the reach of the winless Newton North.

Late in the game quarterback Glenn Moulton scored from ten yards out on an option play to complete the scoring for Waltham.

First Meeting of Claflin PTA as Book Fair

The first general membership meeting of the Claflin PTA was held on Monday evening, November 14. From 7:30 to 8:00 p.m., parents were welcomed into the classrooms to look at pupils' work and displays. Room Mothers were present at hostesses and to collect membership dues. A short business meeting was held in the school auditorium, with Thomas K. Burnap, president, presiding.

The program, under the direction of Mr. and Mrs. Berd Gordon, vice presidents, with broad areas of the school curriculum. Mr. Roland Steinmetz, principal, introduced Miss Eleanor B. Sprowl, Barbara R. Carlson and Miss A. Carson, first, fourth, and sixth grade teachers respectively, who spoke briefly of the approaches to reading, arithmetic and social studies which are utilized in all the grades at Claflin.

Included in their discussion was the handling of subject matter and teaching techniques as well as the outlining of programs, both old and new which are currently being applied. Parents were then given the opportunity to pose questions on universal kinds of problems. A social hour in the gymnasium with refreshments served by Mrs. Robert Vaughan and Mrs. John Evans, hospitality chairman, followed the meeting.

The Book Fair, Mrs. Irving Sen, chairman, was open throughout the evening for the convenience of those who had already had the chance to see their orders. Profits from this sale will benefit the film library.

CUB SCOUTS TEST RACE CARS FOR SATURDAY SHOW — While interested and envious adults and Scout officials kibitz, young Newton Cub Scouts test their little model race cars for Pine Wood Derby, one of the attractions at big Saturday "Scouting In Action" show here.

Scouts To Present Big 5-Hour Show Saturday

"Scouting in Action," a slam-bang, colorful, almost "all boy show," will be presented at the West Newton Armory in Washington Street this Saturday, November 19, from 1 to 6 p.m.

The spectacular event can be considered "almost all boy" because the participants will be Cub Scouts, Boy Scouts, Sea Scouts, Eagle Scouts and Explorers of the North District.

However, the eternal feminine will not be denied; a lone troop of Newton Girl Scouts will be featured on the program. They vow they will show the boys a thing or two about rope lashing.

Cub Scouts of the district have been preparing for weeks building, balancing and testing their own little model cars in preparation for the Eight Track Pine Wood Derby,

one of the top attractions of the gala show at the armory. The Boy Scouts also will be there in force to demonstrate their particular scouting skills. The scouts will perform culinary feats over real fires, ranging from sizzling shish-kebab to making cookies, which will be distributed among the audience.

The Sea Scouts will be there with boats, engines,

sails, ropes and other nautical items. The Explorers will contribute their advanced skills in camping, skiing, marksmanship, Indian dancing and other interesting pursuits.

The Order of the Arrow will present the famous Indian Dance Team in five specialty numbers on the armory stage. An Eagle, Bronze Palm Court of Honor will be held at 3 o'clock. This event will honor

those boys who have acquired merit badges beyond those required for Eagle rank.

There will be booths galore presenting interesting and unusual aspects of the Scouting movement. Newton Boy Scout officials will present this show as one of the best ever seen in Newton. The armory will be a beehive of young activity from 1 to 6 p.m. on Saturday. Tickets may be obtained at the door.

Art Association To Meet Tonight

Lee Loumos Says

Now that the elections are over and television has reverted to normal, we are back to the old hope of getting something worthwhile and constructive to compensate for the plethora of soap and horse operas.

The General Electric Theatre on Sunday night was just such a program. It was titled "The Influential American" and referred to our exceptionally competent teachers and the need to encourage them and increase their numbers. It also touched on the role that instruction via the medium of television promises to hold in the future. We can be proud of such a presentation and the fact that Greater Boston is playing a vital part in the advancement of teaching techniques.

This is the kind of programming that makes me proud to be associated with the television industry, and just as proud to invite you all to see the magnificent new models of MAGNAVOX TV, particularly the 27" size which are unique in the industry. If it is not convenient for you to come in personally (we are open Friday evenings), just phone Bigelow 4-7240 and I shall be happy to send out any model of your choice on approval.

Morgan Memorial To Cite Mrs. H. K. Noyes Tonight

Mrs. Harry K. Noyes of Newton, receives a citation tonight (Thursday) from President Vincent P. Clarke of Morgan Memorial for her vision in establishing the Rehabilitation and Industrial Training Center in memory of her late husband, Harry K. Noyes.

Handicapped people from all parts of New England will receive job training in Boston under a new pioneer Vocational Rehabilitation Project sparked by the Morgan Memorial Goodwill Industries, the Federal government and various state agencies.

The new official centralized training center will be located in Morgan Memorial's Harry K. Noyes Building at 927 Washington St., Boston, and the ceremonies will be held today.

The new undertaking was set in motion by a U. S. grant of \$57,000 and \$22,000 contributed by friends of Morgan Memorial. It will seek to evaluate the potential of each handicapped person, provide the proper training and work conditioning, and find interim employment.

Another unique feature in the new centralized program is that living quarters will be provided for the trainees. It is estimated that 125 persons will be brought in for extensive job tryouts and vocational development services, looking toward placement in competitive industry during the coming months of the new year.

Persons with limited vision of total blindness will be helped to find jobs they can do in regular industry. Persons with disabilities, epilepsy, and hard of hearing conditions will be helped to

discover opportunities for employment.

Persons of high achievement in the past, who have suffered setbacks through accidents or medical conditions, such as heart ailments, will find a chance to build up to work in gainful occupations.

Thus far the Goodwill Industries plan at Morgan Memorial has provided employment for more than 1200 handicapped people and a total of \$924,994 in opportunity wages has been paid to them. An average of 400 handicapped people are employed each week at Morgan Memorial.

There will be an open house from 2 to 4 o'clock this afternoon and the dinner is scheduled for 6 p.m. attended by representatives of state and federal groups, business and industry and others to signal the start of the program.

DO YOUR PART...GIVE UNITED FUND

HOMeward, VOLUNTEER

He may be the president of a large company. Or the shipping clerk of a small one. He and thousands of men and women in greater Boston are United these days in a common cause. White collar and blue collar, executives and housewives, business men and professional men. People from just about every occupation, every business, every race, every nationality and every religion.

Soon they'll be going home late, and tired, at the end of a long but satisfying day. Long because they'll be working extra hours after a full day running a business or making a home, or holding a job or practicing a profession. Satisfying because this extra work, this volunteer work, is something they believe in deeply: *people helping people the United way.*

They're helping by sharing their time and their effort, as well as their dollars. They're helping by sharing nights, weekends, long hours of advance planning and organizational meetings. And they're helping by going from home to home to tell the United Fund story to their neighbors, to you, when the at-home drive begins Friday, November 4.

One of these devoted men or women will be calling on you to tell you about the 288 United Fund agencies and services which help make life better, healthier, happier for your community, your family and for you. When you hear that story it is the hope of the volunteer who tells it that you'll have a better understanding of why *everybody benefits when everybody shares the United way!*

Newtonites Top Waltham Stamp Show

Newton exhibitors carried off the lion's share of the awards at the recent seventh annual Waltham Stamp Club exhibition held at the VFW Hall in Waltham.

It was the most ambitious and most successful exhibit staged by the Waltham club. Fred Drakos of 14 Hood St., Newton, won "Best in Show" award for his two-part display of Greece, classical large Hermes Heads and selected 20th century. This display won the gold medal as the best in the general competitive section, and a silver Paul Revere bowl for the "Best in Show" award.

These as well as other medals and awards will be presented at the club's annual dinner in January.

The only other gold medal winner was Miss Clara F. Managhan of 6 Lowell Ave., Newtonville, for her frames of Nursing and Related subjects. This exhibit was awarded the special certificate of the American Topical Association.

Silver medals for second place went to Arthur White of Wakefield for British Post Office numbers and Richard Patterson of 14 DeForest St., Newton, who won two. One was a display of classic pre-cancels of the U. S., and the other was for his Norway display.

Third place bronze medals went to Stanley Warshaw of 19 Brentwood Ave., Newton Centre, Arthur Schwartz of Margate City, N. J., Dr. Gerald S. Davis of 51 Crosby Rd., Chestnut Hill, and Miss Dorothy Stanley of 3 Glenmore Terrace, Newton Highlands.

Miss Stanley's large frame showed Mission Stations of the World, United Church of Christ. It was awarded a bronze medal by the judges but the public voted it the most popular display in the show and she won the special citation given by the Boston Philatelic Society.

Honor 100 Newton Students for Summer Volunteer Work

The 100 high school and college students from Newton have been awarded a Citizen-Commendation certificate by the School Bureau of the Middlesex County Community Services Center in Boston.

The students were among 2,215 in the Boston area who were recognized at a recent recognition ceremony held at USC headquarters on Beacon Hill. Assistant Dean Ruth Bean, Randolph University, told the assembled teenagers that their volunteer work was a first stride in meeting their responsibilities in today's world.

The world today needs your ideas and your energy, your vigor and your ability to join in the struggle for freedom for all. The community heartily values of your unselfishness, so demonstrative of your neighbor and for the good of the individual. The students honored were: Susan E. Eleanor Borrow, Susan A. Robert Kennedy May Run for Senate Seat in 1962

Robert F. Kennedy would like to fill his brother's shoes in the U. S. Senate. But he wants to be elected to it by the voters of Massachusetts, not to achieve it by appointment. He has eliminated himself from consideration for appointment by Governor Furcolo to serve as the interim Senator for the next two years. However, the restless, energetic young man who led his brother's successful drive for the Presidency...

40 YEARS SERVICE — John S. Higgins, left, of Newton Lower Falls, superintendent of the Auburndale branch of the Boston Postal District, is shown receiving a citation from George K. Walker, assistant general superintendent of mails, on the occasion of his retirement after more than 40 years of service.

Postal Superintendent Ends Long Local Career

John S. Higgins, of 121 Cornell Street, a postal service employee for more than 48 years, retired last week. He was superintendent of the Auburndale branch office.

He was presented a citation from George K. Walker, assistant general superintendent of mails, signed by Postmaster General Arthur E. Summerfield, who commended him for his excellent record during his long stay with the Post Office Department. Mr. Walker represented Postmaster Ephraim Martin.

Mr. Higgins was appointed a substitute letter carrier in Wellesley in May 1912. He was transferred to the Auburndale branch as a clerk and later became clerk in charge. He has been assistant superintendent for a number of years.

He is a veteran of World War I and served with the 82nd Division in England and France. He is a charter member and past commander of Wellesley Post, No. 72, American Legion.

Mr. Higgins has served on many committees of veteran's activities. He also has conducted many parties for the children at the Convalescent Home for Children in Wellesley, prior to the transfer of facilities to Children's Hospital in Boston.

Favor South High Student Parking Ban

The conference on traffic safety, sponsored by the Newton PTA Council and the Oak Hill District Improvement Association at Meadowbrook Junior High School last Thursday produced these highlights:

- Favored continuation of the present ban on student parking at Newton South High School;
- Cut in driver-education termed "a step backward";
- Fridays, Saturdays and Mondays termed "most dangerous days" for accidents; and 3 to 6 p.m. the "most dangerous hours";
- Drinking adults blamed for high percentage of accidents.

Holiday Turns Hearts To Home and Family

Traditions Of Pilgrims Glorify Thanksgiving

Old Frontier Of Fireside Pinpoints Observances Of Feast In This Atomic Age

In an atomic age, when public leaders talk of the "New Frontier" in the vast stretches of outer space, an old-fashioned Thanksgiving will be celebrated here.

The holiday observance will follow closely the traditions inaugurated by the Pilgrim fathers more than three centuries ago when the unexplored frontier was a wilderness only a short distance away.

The prayers, even the thoughts, may be different. The turkey may be more plump and tender, the table napery a more gleaming white. No clumsy blunderbuss will be leaning against the wall.

But the idea behind Thanksgiving, 1960, in this community will parallel that which some stoic Pilgrims conceived back in a day when a fire in an open hearth did the work of the modern oven and the blunderbuss was a means of preserving life itself.

Thanksgiving here will be a day of family reunions and bountiful feasts. Most of all it will be a day of thankfulness for all that is ours in a land of plenty — a land of freedom.

For the vast majority it will be a quiet, leisurely day at home, a day of savoring the aromas which drift out from the kitchen, a day of enjoying good food, old

friendships and family get-togethers.

Hundreds of the community's residents will mark the day by visiting their churches to kneel in quiet prayers of thanksgiving for all that is theirs.

Football fans in large numbers will sharpen up their appetites for the Thanksgiving turkey by attending their favorite high school gridiron classic game on the holiday morning.

The less hardy and energetic will relax before the television set and watch one of the games being brought into their living rooms.

But the big event of the day will come when the family sits down at the dinner table for the traditional Thanksgiving feast.

The turkey or roast carried to the table may have acquired that just-right look within the confines of an ultra-modern gas or electric oven.

Yet, the format will be much the same as when a huge fireplace and a spit were serving their forerunner days as a roasting medium.

Perhaps the Pilgrim turkey, fed on wild corn instead of a balanced diet of bananas, was a bit tougher than the plump, well-browned bird which will be placed on the table this Thanksgiving.

Yet, the idea and the thought will be the same as — PILGRIM SPIRIT — (Continued on Page 10)

Thanksgiving Routine Day In Eternal City of Rome

(James G. Colbert, Jr., Harvard student studying in Rome, reports that Thanksgiving is just another day in the Eternal City — except for those U. S. citizens who think of how the day will be observed back home.)

BY JAMES G. COLBERT, JR.
ROME — What's Thanksgiving like in the Eternal City of Rome? For all but a few Americans it's just another business and working day.

Thanksgiving, as every schoolboy knows, is a peculiarly American holiday. The Pilgrims, of course, began the custom to commemorate a good year. We associate the event with Puritan hats and Massasoit's Indians.

Evidently, Thanksgiving, as we know it, has no meaning for a Roman. Apart from isolated groups of expatriates, nobody will pay any attention to the date!

One of the institutions which will respect the hallowed occasion is the United States Information Service's library. Indeed, this organization is a great respecter of hallowed occasions. It closes on all American holidays and opens only half a day on Italian holidays.

Considering that the library is open about 30 hours a week, this practice seems mildly excessive. It doubtless creates a good deal of good will among the library's Italian employees and their families!

With the mentioned exceptions, Thanksgiving in Rome and Boston is almost a study in contrasts. Here there will be no bright, crisp football weather. Soccer is the nearest — ROME HOLIDAY — (Continued on Page 8)

Brookline Favored Over Newton In Annual Thanksgiving Classic

The 64th edition of one of the oldest schoolboy gridiron rivalries in the state — the annual Thanksgiving Day classic between Newton High School and Brookline High School — gets under way at 10:30 a.m. Thursday at Dickinson Stadium in Newton.

Newton has the edge in the number of games won in this venerable rivalry. Over the long span, Newton has won 30 contests, lost 27 and there were six ties.

The Tigers have an even greater span in total points scored against Brookline over the past 63 games—781 points. The total scored by Brookline against Newton is 604 points.

Last year's game developed into a battle of fumbles as Brookline won 22 to 15 at

the favorite. However you never can predict the probable outcome of these sectional rivalries; still a Newton victory would be rated as a major upset of the schoolboy grid season.

Brookline has won three, lost three and tied one; they tallied 114 points and had 76 scored against them during the season.

Newton, on the other hand, suffered its worst record with eight successive defeats. Newton scored 48 points in eight games and its opponents rolled up a total of 280 points,

by far the highest total in the league.

Coach Bob Malone has been working hard with his team since the Waltham game on Nov. 11 with high hopes that a win over Brookline would take some of the edge off the thus-far winless season.

Juniors and sophomores on the Tiger team should see plenty of action against the strong Brookline squad. Approximately two thirds of the 36 Tigers who qualify for varsity letters will return for the 1961 squad.

Several of Coach Malone's boys are nursing injuries which may keep them sidelined except for limited play. These include fullback Charlie Nelson, who has been doing the punting, and halfback Harry Cooper and tackle Larry Kemelgor.

Nelson sprained an ankle in the Medford game on Oct. 29, and then last week during practice aggravated the injury. However, he was expected to play against Brookline. Cooper suffered a muscle injury against Waltham, but may be able to see action.

NEWTON HIGH SCHOOL 1960 FOOTBALL SQUAD . . . Front row, left to right, are Bob McKinnon, Nick Pasquarosa, Tom Pitts, Co-capt Fred Dalicandro, Co-capt John O'Brien, Bob Sherman, Mike West, Pete McKenney; second row May Accione, Ed Hickey, Lars Bjork, Jim Cardarelli, Gerry Marchand, Joe Russo, Mike Libman, Gary Hawkins, Dick Carle. Third row, manager Frank Foster, Carl Regan, Bob Crosby, Al Asat, Ken Millieks, Ted Pleulers, Skip Crosby, Bob Leeland, Charlie Nelson; rear row, Bruce Kemelgor, Bill Cashman, Mike Bucuvalus, Jeff Hicks, Mickey Beard, Larry Kemelgor, Harry Cooper and Bill O'Donahue.

A Harvard professor, Thomas F. Pettigrew, and Rabbi Henry Enoch Kagan, of Sinai Temple, Mount Vernon, N. Y., will be the guest lecturers at Temple Ohabei Shalom on Wednesday, November 30th at 8 p.m.

The professor and noted rabbi will discuss, "Hate As A Way of Life."

This will be the third in a series of four lectures concerned with coping with the tensions of our times.

While grappling with the problem of hate as a way of life in America today, Rabbi Kagan and Professor Pettigrew will try to cover such topics as bigotry, persecution, anti-Semitism, hate-mongering, envy and mental turmoil.

Mrs. Otto Morningstar will act as moderator. She will also conduct a question and answer period. Tickets may be obtained at the door.

C of C Evaluates Office Workers Questionnaires

Questionnaires filled out by the 159 secretaries, typists, bookkeepers and general office workers who attended the Newton Chamber of Commerce "Office Women's Workshop" are being studied by the Workshop Committee.

All participants were asked to rate the instructors and subject matter covered during the workshops and make recommendations. The evaluation will be reported in the form of recommendations to the 1961 Workshop Committee.

It was termed the most successful educational program which the Newton Chamber of Commerce has sponsored for its members.

There were 76 participants in the Oct. 18 workshop and 83 in the Oct. 19 workshop. The program was held at the Beacon Conference Room of Valle's Steak House on Route 9.

The Chamber office has received many compliments concerning this 1960 Workshop. The following excerpt from a memo sent to the Personnel Director of one of Newton's banks by a participant, expresses the average appreciation of this Workshop: "Just a short note to express my appreciation in attending the office workshop at Valle's Steak House sponsored by the Newton Chamber of Commerce. The Chamber of Commerce should be commended on the wonderful work of sponsoring these meetings. If we were to attend more of these workshops, or perhaps hold similar meetings of our own, I am the results would be beneficial to our organization and our employees."

HANKSGIVING

is more than a meal

A bountiful meal . . . a football game. They're part of it . . . part of the good life and times you share. But Thanksgiving is more than these. It's that thoughtful, thankful time of year when you're reminded of all you have. The love of a wife and children . . . the warmth of neighbors and friends . . . that special feeling you get from a place called home.

Thanksgiving is the harvest of a man's thinking ahead for his family's welfare. A look reflected in their eyes for him to see and feel. Reward enough for a job well done.

From the entire staff of the Newton-Waltham Bank and Trust Company . . . best wishes for a happy Thanksgiving.

Political Highlights

(Continued from Page 1)

idney reportedly is planning to become a candidate for the Senate in 1962.

Developments in the next 16 or 18 months conceivably could cause him to change his plans, but persons close to Robert Kennedy predict flatly that he will launch his campaign for the Senate early in 1962.

Politically shrewd and astute, Robert intends to stand on his own two feet and not place himself in the position where he might be considered the hand-picked choice of his brother for the Senate.

In all probability, however, the person named by Furcolo as Senator later this year will be someone who will be willing to hold the post for two years and then step aside or seek some other office in 1962. That will serve to narrow down the field of immediate prospects since some of those seeking the Senate appointment are thinking in terms of long-range service.

The situation is somewhat similar to the one which existed when Henry Cabot Lodge resigned from the U. S. Senate while Leverett Saltonstall was Governor.

Saltonstall wanted to go to the Senate, but he also desired to complete his term as Governor. Saltonstall named Sinclair Weeks to hold the seat until he got ready to run for it.

How Robert will fare when he becomes a candidate instead of a campaign manager and whether he would encounter opposition within his own party are questions only time will answer.

The hard-driving brother of the President-elect has repeatedly demonstrated his ability to run a political campaign. The likelihood is that he would prove an extremely potent candidate for public office in his own right.

It's not impossible that 1962 might witness another Kennedy-Lodge battle for the U. S. Senate. The GOP high command is almost certain to make a strong attempt to persuade Henry Cabot Lodge to return to the political lists as a candidate for Senator two years hence.

Robert made his debut in big-time politics when he directed his brother's successful campaign to unseat Lodge in 1952.

Hot Battle Predicted On Congress Districts

It's now official that a new law revamping the State into 12 congressional districts instead of 14 will have to be passed by the next Legislature. The big question, however, is whether a Democratic-controlled Legislature and a Republican Governor can reach a meeting of the minds on a plan for dividing the Commonwealth into a dozen congressional sectors.

Governor-elect Volpe will be a lonely Republican in a sea of Democrats on Beacon Hill next year. But it's highly improbable that he will sign a congressional redistricting bill he considers unfair to the GOP. It is equally unlikely that the Legislature will produce a redistricting plan which isn't weighted in favor of the Democratic party.

In fact, Democratic leaders on Beacon Hill indicate that they will back a plan which would wipe out two Republican seats now held by Congressman Laurence Curtis of the Back Bay and Congressman-elect Bradford Morse of Lowell.

That probably will be the same proposal which was considered earlier this year and finally dropped after Congressional Majority Leader John W. McCormack visited the State House and expressed opposition to it.

Under that scheme 12 Con-

gressmen would have been elected this year from districts and two from the State-at-large, with the two seats-at-large to be eliminated in 1962.

There's no doubt, of course, but that the Democratic Legislature will endeavor to protect the eight Democratic seats in Congress. In order to do that it will be necessary to legislate two Republican Congressmen out of office.

Hints even have been dropped by Democratic spokesmen that if Volpe vetoes the redistricting bill an attempt may be made to pass it over his veto by bringing it up for a vote when some of the Republicans are absent. That would be a complicated and difficult maneuver.

The task of working out a redistricting bill which will be satisfactory to a big majority of Democratic legislators may not be an easy undertaking in itself.

Some of the Senate and House members have ambitions of seeking promotion to Congress one day, and they'll be studying the redistricting plan closely to ascertain how it affects them personally.

All 12 congressional districts will have to be realigned. None can be left as it now is.

Th new districts will have to be larger than at present. They should all have approximately the same population. The areas included in each district should be reasonably contiguous.

The attempted revamping of the congressional districts undoubtedly will touch off the hottest partisan battles of 1961 on Beacon Hill.

A long-range forecast now would be that it will end in a stalemate between a Republican Governor and a Democratic Legislature.

Sheer necessity may force a compromise on the problem either next year or in 1962, because unless some redistricting plan is enacted into law all 12 Congressmen would have to be elected from the State-at-large in 1962. That would result in a chaotic situation.

Curnane Top Figure In Kennedy Victory

One of the architects of the election victory achieved by President-elect John F. Kennedy was Joseph A. Curnane, Everett School Committee member and funeral director. Curnane is included in a small group of persons most responsible for Kennedy's nomination and election. He undoubtedly is in line for appointment to some high federal post after Kennedy moves into the White House.

He directed the Kennedy campaign in Maryland and performed trouble-shooting duties in New Jersey as well.

Maryland is a politically weathervane state which usually goes to the winning Presidential candidate. It was carried heavily by President Eisenhower in 1952 and 1956.

A study of the election returns reveals that Kennedy received a higher percentage of the vote in Maryland than anywhere except Massachusetts, Rhode Island and a few states in the deep South.

The cold figures tell quite a story of the effective job done by Curnane in Maryland and the success of his efforts in bringing together all the Democratic factions in the Old Line State.

The Everett man, incidentally, had a prominent position in the Kennedy camp long before the Democratic national convention. It was Curnane who worked with the Maryland delegation prior to the July conclave and helped to swing it in a bloc to Kennedy.

Dem. State Committee In Need of Overhaul

It is the height of absurdity to blame Democratic State Committee Chairman John M. Lynch for the defeat of Secretary of State Joseph D. Ward and Springfield Mayor Thomas J. O'Connor, Jr., in the contests for Governor and U. S. Senator, as a group of young Democrats have done.

Ward lost the Governorship because of the knifing he suf-

Praise For Adult Scouters in Newton

Editor Graphic:

To most of our citizens—the adult in the Boy Scout movement is the Scoutmaster or the Den Morner. But in reality, a vast army of adult Scouters, also, work behind the scenes to keep this wonderful activity alive and vital.

This past weekend I was privileged to attend a three-day workshop on public relations in the Boy Scout movement at Schiff Reservation in New Jersey. Sixty other busy men from as far away as Washington State and Alabama joined with me each of us at our own expense of time and money.

It never ceases to amaze me to see the wonderful citizens that unselfishly give of their time and effort to help our young people. Here are men of truly high caliber and character. It is refreshing to see how devoted they are to this vital community project that contributes so practically to the development of young, sensitive minds.

I tip my hat to the adult Scouters of Newton. Wellesley and Weston, who make up the Norumbega Council. I'm proud to be on their team. I hope that more of our citizens will join us.

ferred within his own party as a result of the bitterness aroused by the Democratic pre-primary convention in June and the primary in September.

Whatever mistakes were made in Ward's campaign for the Governorship were committed by Ward himself and the people around him, not by Lynch.

O'Connor was a weak candidate whose campaign never got off the ground and who helped to throw the Democratic party into chaos and confusion when he defeated Governor Furcolo in the September primary.

But Chairman Lynch doesn't make much sense either when he declares that the answer to the Democratic problem in Massachusetts would be to wipe out the pre-primary State convention.

If the next Legislature did pass a bill to abolish the convention system of endorsing candidates, it would be vetoed by Governor-elect Volpe as quickly as it reached his desk. The Republicans want to preserve the convention system.

One thing which may be said about Lynch, who apparently is to be named the next Collector of Port, is that during the four years he has been chairman of the Democratic

Miss Carol Alban, daughter of Mr. and Mrs. Earl Alban of Newtonville, a graduate of Newton High Class '60 and a freshman at Otterbein College, Westerville, Ohio, appeared recently in Otterbein's Homecoming production "Tea-house of the August Moon".

State Committee he has devoted most of his time to working for President-elect Kennedy.

When Lynch assumes his federal post, sweeping changes in the operation of the Democratic State Committee probably would be a healthy thing for the Democratic party in Massachusetts.

For a long time the Democratic State Committee has been run more like a private club than a state-wide political organization. And while it should not be blamed for the defeat of Ward and O'Connor, it can hardly be credited with anyone's election either.

About all the State Committee has done for a long time is to conduct the State Convention every two years, and last June's convention was a really prize example of poor planning.

UBS FUND of CANADA Ltd.

A DIVERSIFIED INVESTMENT COMPANY

UBS Fund of Canada, Ltd., was incorporated on October 15, 1959, as a Canadian corporation and will be a closed-end Investment Company until the conclusion of the Initial Public Offering of its shares whereupon under the terms of its Charter it will become an open-end Investment Company.

PROSPECTUS • SEPTEMBER 22, 1960

UBS FUND OF CANADA, LTD. is a MUTUAL FUND
designed to give investors A CONVENIENT MEANS OF INVESTING
in the securities of companies outside of the United States, and particularly IN CANADA

THE FUND'S PRIMARY OBJECTIVE IS CAPITAL GROWTH — which it will seek primarily in three ways:

- First — by investing selectively in a diversified portfolio of securities which in the opinion of the Fund's management offers better-than-average opportunity to share in the future of Canada's economy.
 - Second — by accumulating and reinvesting all net income and capital gains under Canadian tax law.
 - Third — by providing the professional management of a Canadian and American Board of Directors.
- There can, of course, be no assurance that the objectives of the Fund will be achieved and the value of shares upon redemption may be more or less than investor's cost depending upon the market value of portfolio securities. There is always risk in any investment but it is believed that risks can be reduced through prudent management of the Fund.

OFFERING PRICE \$10 (U.S.) PER COMMON SHARE

The offering price includes a sales charge of 4.9% (maximum) of the offering price in transactions involving less than \$25,000. For the reduced sales charge on larger purchases see below.

MINIMUM PURCHASE \$1,000

THIS INITIAL OFFERING OF UBS FUND OF CANADA, LTD., SHARES
EXPIRES AT 4:30 P.M. (E.S.T.) ON DECEMBER 31, 1960.

Thereafter the Common Shares will be offered for sale at net asset value plus a sales charge of 6% (maximum) of the offering price as described below, and will be redeemable at full net asset value without any repurchase charge.

Rules of the Securities and Exchange Commission require the following statement on the front cover of every Prospectus relating to any security registered under the Securities Act of 1933:

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION NOR HAS THE COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

A COPY OF THIS PROSPECTUS HAS BEEN FILED WITH THE SECRETARY OF STATE OF CANADA IN ACCORDANCE WITH THE PROVISIONS OF THE COMPANIES ACT (CANADA) 1934.

INVESTMENT POLICIES FOR CAPITAL GROWTH

The investment policies of the Fund are founded upon a firm belief in Canada's prospects for economic growth. While no one can guarantee economic growth, Canada's current economy, natural resources and expanding population appear to offer a sound basis for this belief in Canada's future. The primary objective of UBS Fund of Canada, Ltd., is to provide long-term growth of capital by investing principally in the common stocks of companies which appear to have greater-than-average growth potential, and by accumulating and reinvesting all net income and capital gains under Canadian tax law.

To achieve its primary investment objective it is anticipated that the Fund will be principally a "common stock fund." The Fund may however invest in any type of securities including bonds and preferred stocks as well as common stocks, and may make investments in different types of securities in such varying proportions as its management believes most appropriate in the light of current economic and market conditions.

In accordance with its Charter the Fund will invest at least 60% of its assets taken at market value (other than Government securities) in the securities of companies whose principal activities and interests are located in Canada. The remainder of its assets may be invested in securities of issuers deriving their income mainly from sources outside both the United States and Canada. Purchases and sales of securities will be made as judged necessary by the Fund's management to best achieve the Fund's objective of long-term growth. While it is not

the Fund's policy to concentrate investments in any particular industry, the management of the Fund may invest not more than 25% of the total amount of the Fund's assets in any one industry.

During the Initial Offering Period proceeds from the sale of shares will be held in cash, and during the initial period of the Fund's operations it is anticipated that a substantial portion of the Fund's assets may be temporarily invested in bonds or other debt-type securities.

The investment policies controlled by Charter provisions and the policy with respect to industry concentration cannot be changed without shareholder approval.

There can, of course, be no guarantee that the Fund's investment objectives will be attained since there is risk inherent in any investment. But it is believed that risks can be reduced through careful selection, prudent diversification, and continuous supervision by competent investment management.

BOTH CANADIAN AND AMERICAN INVESTMENT ADVISERS

The Fund's Canadian Adviser is Bolton, Tremblay & Company, 680 Sherbrooke Street West, Montreal, Quebec, a wholly-owned subsidiary of Bolton, Tremblay (Bermuda) Limited, Hamilton, Bermuda. This Canadian investment counseling firm is now participating in the management of investments totaling more than \$200 million. The Fund's American Adviser is United Investment Management Corporation, 210 Newbury Street, Boston, Massachusetts, a wholly-owned subsidiary of the Boston investment counsel firm, United Investment Counsel, Inc., Boston, Mass. United Investment Counsel, Inc., is currently serving both private and institutional investors in connection with the management of assets totaling more than \$200 million.

A. Hamilton Bolton and Maurice Tremblay are each the owners of approximately 50% of the outstanding voting stock of Bolton, Tremblay (Bermuda) Limited and Paul T. Babson is the owner of all the outstanding voting stock of United Investment Counsel, Inc. For information with respect to the officers and Directors of the Advisers and persons affiliated with the Fund who are also affiliated with the Advisers, see information contained under the captions, "Officers and Directors of UBS Fund of Canada, Ltd." and "Additional Information."

The Investment Advisory Agreements require the Canadian and American Advisers to furnish the Fund continu-

ously with an investment program. The Advisers have agreed to provide the Fund with all necessary office facilities and personnel and to pay the compensation of all officers, directors, and employees of the Fund who are connected with either of the Advisers.

The Investment Advisory Agreements will continue in force until December 31, 1961, and thereafter from year to year so long as approved annually by the Fund's shareholders or Board of Directors. Both agreements are subject to termination by the Fund on 60 days' notice and terminate automatically in the event of assignment by the respective Advisers.

Total Payment For The Combined Services Of Both Canadian and American Advisers will be a quarterly management fee of 5/32 of 1% of the Fund's average net assets. This fee is to be reduced, however, if the annual expenses of the Fund (including the management fee but exclusive of taxes, interest, and brokerage charges) should in any year exceed 1% of the Fund's average net assets.

Pursuant to the Investment Advisory Agreements, the American Adviser will retain approximately 40% of the combined management fee. The balance of the fee will be paid to the Canadian Adviser's parent company Bolton, Tremblay (Bermuda) Limited who will pay the Canadian Adviser a fixed annual fee plus expenses.

Both United Investment Counsel, Inc. and its affiliate United Business Service Company have by contract agreed to provide (from their staffs of more than 105 full-time employees) research and statistical services to the Fund. United Business Service Company is the publisher of the weekly *United Business Service*, reports on business and investments, through which it acts as adviser to businessmen and to other individual investors with an estimated total of over \$2 billion in personal investment holdings.

CAPITALIZATION OF THE FUND

Authorized Capital — The authorized capital of UBS Fund of Canada, Ltd., consists of 10,000,000 Common Shares and 1,000 Deferred Shares, all of a par value of \$1. The Fund has agreed not to issue any of its Deferred Shares, which were created to permit the redemption and repurchase of Common Shares under Canadian law.

Non-Cumulative Voting — These shares have non-cumulative voting rights which means that the holders of more than 50% of the shares voting for the election of directors can elect 100% of the directors if they choose to do so, and, in such event, the holders of the remaining less than 50% of the shares voting for the election of the directors will not be able to elect any person or persons to the Board of Directors.

Other Provisions of Common Shares — Each Common Share entitles the holder thereof to one vote at all meetings of shareholders. All shares have equal rights to participate in any cash or stock dividends that may be declared, and in the assets of the Fund in the event of liquidation. Common Shares have no preemptive rights and when fully paid are not subject to further call or assessment. While the Fund does not have any general right to compel redemption of its shares, Common Shares owned by residents of Canada may be redeemed by the Fund at any time at the option of the Board of Directors. The rights of Common Shares may not be modified except by By-Law approved by two-thirds of its votes cast at a meeting of shareholders called for this purpose.

A NEW Mutual Fund

IMPORTANT FEATURES OF UBS FUND OF CANADA, LTD.

UBS Fund of Canada, Ltd., offers investors:

A diversified investment in Canada — its resources, and long-term prospects.

Tax benefits for American investors — both investment profits and dividend income of the Fund can be reinvested at little or no tax cost as described under "Tax Status of the Fund."

Both Canadian and American Investment Advisers — an international team of investment specialists from United Investment Management Corporation (Boston) and Bolton, Tremblay & Company (Montreal).

Direct-to-the-Investor Sale of Shares — an opportunity to invest with direct-by-mail convenience.

TAX STATUS OF THE FUND

No U.S. Corporate Income Tax — The Fund does not intend to engage in trade or business in the United States, or to have a permanent establishment there, or to derive any taxable income from sources within the United States. It is, therefore, expected that the Fund will incur no United States income tax liability.

No Canadian Capital Gains Tax — The Canadian Income Tax Act does not tax capital gains realized by corporations on the sale of securities purchased for investment as distinguished from profits realized from trading in securities. The Fund does not intend to "trade" in securities.

Little or No Canadian Corporate Income Taxes — Dividends received by a Canadian corporation from taxable Canadian corporations are, with certain minor exceptions, not subject to the Canadian income tax. For those years in which the investment income of the Fund consists solely of dividends from such taxable Canadian corporations,

the Fund will pay no Canadian income tax on its income.

If and to the extent that the income of the Fund includes interest and other taxable items in any year, the Fund will pay a tax at regular rates on taxable items (current rates are 21% on the first \$25,000 and 50% on the balance) OR the Fund may, if more advantageous, elect (within 90 days after the beginning of any tax year) to be taxed as a "non-resident-owned investment corporation," (provided Canadian residents own less than 5% of the Fund's shares) in which case the Fund would pay taxes at the flat rate of 15% on all of its net income including dividends, computed without certain expense deductions.

It is expected that the Fund will elect to be taxed as a Canadian corporation, but the Fund may elect to be taxed as a "non-resident-owned investment corporation," if such an election appears to be more advantageous.

TAX FEATURES FOR SHAREHOLDERS

No Current U.S. Income Tax — Since it is the intention of the Fund to accumulate and reinvest all of its net income and capital gains and to pay no cash dividends, it is anticipated that U.S. shareholders will not be subject to U.S. income tax unless shares are sold or redeemed at a profit.

U.S. Capital Gains Tax Treatment — Profits realized by a United States shareholder upon the sale in the open market of all or any part of his shares held more than six months will be taxable at current capital gains rates which in effect are one-half the rate on ordinary income with a maximum rate of 25%. Profits realized upon redemption of all of a shareholder's shares or of an amount sufficient to reduce his proportionate interest in the Fund to less than 80% of his interest prior to the redemption will also ordinarily qualify for capital gains treatment. Reference is made to Section 302 of the 1954 Internal Revenue Code for a detailed statement of conditions under which stock redemptions will receive capital gains treatment.

No "Built-in" Capital Gains Tax Liability — Since there is no Canadian capital gains tax, investors purchasing UBS Fund of Canada shares will not be buying a "built-in" capital gains tax liability. Investors purchasing shares of U.S. investment companies that have substantial accrued but unrealized capital gains in their investment portfolios often incur such a "built-in" liability, since such gains are subject to tax whenever realized.

The Fund to Maintain Reserve to Pay Canadian Withholding Tax for its Shareholders — If a shareholder surrenders his shares for redemption and the Fund, as contemplated, has decided to be taxed as an ordinary Canadian corporation, a Canadian withholding tax is payable. In substance this tax currently amounts to 15% of the amount of the Fund's accumulated net income (excluding capital gains) which is allocable to such shares and in respect to which no such tax has previously been paid.

UBS Fund of Canada, Ltd., will pay this withholding tax for its shareholders from a reserve set up for the purpose. There will be credited to this reserve and deducted as a liability in determining the Net Asset Value of the shares of the Fund an amount equal to the maximum withholding tax (currently 15%) payable upon the Fund's

accumulated earnings (excluding capital gains). Until actually expended to pay withholding taxes upon redemption of shares, the amounts in the reserve may be invested for the purpose of earning additional income and capital gains for the Fund and its shareholders.

The payment of the withholding tax from the reserve results in an automatic tax deduction for shareholders. Under certain circumstances U.S. Income Tax credit may also be available to shareholders.

If the Fund elects to be taxed as a "non-resident-owned investment corporation" the withholding tax upon redemption is imposed only on that portion of the Fund's income accumulated during the period when the Fund was subject to tax as an ordinary Canadian corporation.

Canadian Estate Tax and Succession Duties — The Canadian Estate Tax Act imposes an estate tax of 15% on the value of property situated in Canada of a person domiciled outside Canada at the time of his death, provided the value of such property exceeds \$5,000 and provided further that the 15% tax cannot reduce the value of the property below \$5,000. For the purposes of this tax, shares and stocks of a Canadian company are deemed to be property situated in Canada at the time of death of a person domiciled outside Canada. Any such tax paid by the estate of a United States shareholder will be available as a credit against the United States estate tax.

No succession duties will be payable under present laws to any Canadian province upon the death of a person domiciled outside Canada holding shares of the Fund if the certificates for such shares are situated outside Canada at the time of death.

Statements as to Matters of Law set forth above relative to the tax status of the Fund and its shareholders have been made on the authority of Messrs. Goodwin, Procter & Hoar of Boston, Massachusetts, as to matters of United States Law, and Messrs. Howard & Stalker of Montreal, Quebec as to matters of Canadian Law. All such statements are considered by counsel to be correct interpretations of existing statutes and treaty provisions as presently applied but no representation is made or intended that changes in the law or its application will not be made.

PURCHASE OF SHARES AFTER INITIAL OFFERING DETERMINATION OF NET ASSET VALUE AND PRICING OF SHARES

After the Initial Offering Period Common Shares of the Fund will be available to investors on a continuous basis at the offering price as of the close of business on the day the order is received by the Fund's Principal Underwriter, UBS Distributing Corporation, or its agent, The Merchants National Bank of Boston. Orders received either at or after the close of business, or on any day which is not a business day, will be executed at the offering price as of the close of business on the next succeeding business day. A "business day" means any day on which the New York Stock Exchange is open and the "close of business" means the time of closing of the New York Stock Exchange.

The offering price of the Common Shares of the Fund is based upon Net Asset Value plus a sales charge (adjusted to the nearest cent) as follows:

For purchases of less than \$5,000 the maximum sales charge will be 6% of the offering price; for purchases of \$5,000 but less than \$25,000, 5%; \$25,000 but less than \$50,000, 4%; \$50,000 but less than \$100,000, 3%; \$100,000 but less than \$250,000, 2%; \$250,000 or more, 1%.

These reduced sales charges apply to aggregate purchases by the same persons who qualify for reduced sales charges during the Initial Offering Period. In addition

INVESTMENT RESTRICTIONS

The Charter and By-Laws of UBS Fund of Canada, Ltd., contain the principal restrictions which the U.S. Investment Company Act imposes upon diversified open-end investment companies of the management type.

The Fund will not, except for Government securities, invest more than 5% of its assets in the securities of any one issuer nor acquire more than 10% of the voting securities of any one issuer. The Fund is also prohibited from purchasing the securities of any company which has a record of less than three years continuous operation.

The Fund will not engage in the purchase and sale of real estate, commodities or commodity contracts, nor will it purchase securities for the primary purpose of exercising control or management. The Fund will not borrow money except for extraordinary or emergency purposes and then in an amount not exceeding 10% of the value of its assets taken at cost, and the Fund will not lend money to any person except that it may purchase a portion of an issue of publicly distributed bonds, debentures or other debt securities.

such reduced charges will be available with respect to aggregate purchases of shares made within a 13-month period pursuant to a written statement of intention accepted by the Fund's Principal Underwriter. The minimum original order will be \$300 after the Initial Offering Period.

The Merchants National Bank of Boston as agent for the Fund will determine the Net Asset Value of the Fund's Common Shares. Briefly, the determination of Net Asset Value of each share is made by dividing the total number of outstanding shares into the current value of the Fund's net assets. Computation is made to the nearest cent.

In determining the current value of the assets of the Fund, securities for which market quotations are readily available will ordinarily be valued on the basis of the last sale price (or bid price if no recent sale is reported). Other assets will be taken at fair value determined under authority of the Board of Directors. Liabilities will include the reserve set aside to pay Canadian taxes for shareholders upon redemption of their shares as explained above.

Orders for shares of the Fund are subject to acceptance by the Fund's Principal Underwriter, UBS Distributing Corporation, and the right is reserved to refuse to accept any subscription for shares.

Provisions of the Fund's Charter prohibit the purchase of securities on margin, the short sale of securities and the participation by the Fund in any joint trading account in securities. The Fund is prohibited from acquiring any interest in the business of any person who is a broker or dealer or is engaged in the business of underwriting or distributing securities or is an investment adviser. The Fund is also prohibited from underwriting the securities of other issuers and from acting as a distributor of securities of which it is the issuer except through an underwriter. In addition the Fund is prohibited under its Charter and By-Laws from acquiring the securities of other investment companies except by purchase in the open market where no commission to a sponsor or dealer results from such purchase other than the customary broker's commission and then only as and to the extent permitted by the U.S. Investment Company Act of 1940.

None of the restrictions set forth under this caption may be changed without the consent of shareholders.

You Can Buy DIRECT-BY-MAIL

TERMS OF INITIAL OFFERING

The offering price is the same for all investors. Officers, Directors, and employees of the Fund and of affiliated companies who purchase shares are required to pay the same price as is paid by all other investors. During the Initial Offering Period Common Shares of UBS Fund of Canada, Ltd. may be purchased at:

\$10 (U.S.) PER SHARE

This offering price includes a sales charge of 4.9% of the offering price and applies to purchases of less than \$25,000. For reduced sales charges on larger purchases see below.

For purchases of \$25,000 or more during the Initial Offering Period the sales charge (and the offering price) is reduced as set forth in the following schedule.

Amount of Purchase	Offering Price Per Share	Sales Charge as a % of Offering Price Per Share
\$25,000 but less than \$50,000	\$9.90	3.94%
\$50,000 but less than \$100,000	\$9.80	2.96%
\$100,000 but less than \$250,000	\$9.70	1.96%
\$250,000 or more	\$9.60	.94%

This Schedule applies to (1) the aggregate quantity of shares purchased at any one time by an individual or by a husband and wife as joint tenants or other form of joint ownership; (2) the aggregate quantity of shares purchased at any one time by an individual, his spouse and their children under the age of 21; and (3) the aggregate quantity of shares purchased at any one time by a trustee or other fiduciary for a single trust estate or single fiduciary account (including a pension, profit-sharing, or other employee benefit trust created pursuant to a plan qualified under Section 401 of the Internal Revenue Code).

Orders for shares of the Fund are subject to acceptance by the Fund's Principal Underwriter, UBS Distributing Corporation, and the right is reserved to refuse to accept any subscription for shares. No order of less than \$1,000 can be accepted during the Initial Offering Period. The Initial Offering Period expires at 4:30 P.M. (E.S.T.) on December 31, 1960.

RIGHT OF REDEMPTION AT 100% OF NET ASSET VALUE

After the Initial Offering Period the Common Shares of the Fund may be redeemed for cash at 100% of the Net Asset Value per share in effect at the time. (For the method of determining Net Asset Value see above.) The cash proceeds from redemptions will be paid in U.S. Dollars or at the option of the shareholder in the exchange equivalent (as determined by the Fund) of Canadian Dollars and such proceeds may be either more or less than the investor's cost depending upon the market value of the portfolio securities at the time of redemption.

To redeem his shares, a shareholder need merely give appropriate written notice to the Fund or the Custodian, and deposit his share certificate, properly endorsed and in order for transfer.

Orders for redemption will be executed at Net Asset Value per share determined as of the close of business on the day the shares are received by either the Fund or the Custodian, as the case may be, except that when at the time of such receipt the New York Stock Exchange is not scheduled to be open thereafter on that day for more than three hours, then such shares will be redeemed at Net Asset Value per share determined as of the close of business on the next business day on which the New York Stock Exchange is open. Payment will be made within 7 days after

shares have been duly deposited for redemption.

Subject to the rules and regulations of the Securities and Exchange Commission and other Governmental authority, the determination of Net Asset Value may be suspended by or under authority of the Board of Directors at times when (a) the New York Stock Exchange, the Montreal Stock Exchange or the Toronto Stock Exchange is closed, (b) trading on any of such exchanges is restricted, (c) an emergency exists as a result of which it is not reasonably practicable for the Fund to dispose of securities owned by it, or to determine fairly the value of its assets, or (d) the Securities and Exchange Commission or any other Governmental body having jurisdiction may by order permit such suspension for the protection of shareholders.

If the determination of Net Asset Value should be so suspended, and its determination thereby postponed beyond the date on which it would normally occur, the shareholder may (1) withdraw his request for redemption, or (2) leave his request in effect and his certificate if any, on deposit, in which case redemption will be effected at Net Asset Value per share as of the close of business on the first day following suspension upon which a determination of Net Asset Value is made.

DIRECT-TO-THE-INVESTOR DISTRIBUTION OF SHARES BY THE FUND'S PRINCIPAL UNDERWRITER

The direct distribution of UBS Fund of Canada, Ltd., shares to investors is a distinctive feature of the Fund. This method of distribution provides investors with an opportunity to purchase shares with direct-by-mail convenience.

Shares of the Fund will be sold exclusively through the Fund's Principal Underwriter, UBS Distributing Corporation, 210 Newbury Street, Boston, Massachusetts. The

Fund's Underwriter is a wholly-owned subsidiary of United Business Service Company, all of whose voting stock is owned by Paul T. Babson of Wellesley, Massachusetts. In addition to Messrs. Babson, Sargent and Howland listed above, the officers and Directors of UBS Distributing Corporation also include Robert H. Smith, President and Director, and Robert S. Moore, Assistant Treasurer.

A consent and designation of the Custodian of the Fund as an Agent in the United States for Service of Process has been filed by the Fund and by those of its Directors, officers and Investment Advisers who are not residents in the United States, and the Fund has consented that full faith and credit be given by Canadian courts to any final Commission or United States court orders in enforcement proceedings.

The Commission may, pursuant to a consent agreement filed by the Fund on its own motion or that of any shareholder, revoke its Order. In such event the Commission may direct, as an incident to such revocation, the distribution of the Fund's assets to its shareholders and the Custodian would make such distribution pursuant to the Commission's Order.

Rome Holiday-

(Continued from Page 1)
thing to a national sport. And the meteorological conditions in a Roman November are generally adverse.

At times one wonders what could have prompted Romulus to found his city precisely where he did. He located the city in a low lying plain, passing up the opportunity that the Tyrrhenian Sea presented for a port and the possibilities that the Alban Hills offer of a cooler, drier climate.

The result of the Eternal City's situation is a virtual monsoon from November to March and an intolerable summer heat.

Perhaps Rome's seven hills (Aventine, Capitoline, Coelian, Esquiline, Palatine, Quirinal, Viminal) looked more impressive in those days. They have suffered the same fate as Boston's three mountains, being gradually chopped down and used to fill up the valleys between them.

The turkey, pillar of Thanksgiving Day, is by no means unknown here. However, old Tom makes his customary appearance for Christmas dinner. Then again, he must go unescorted by cranberry sauce and pies.

Not unlike Thanksgiving in origin are the celebrations held in the fall at the time of the fruit harvests, particularly the grape harvest. Some of these festivals date from pre-Christian times. Towns-men and villagers in colorful traditional peasant costume hold fairs throughout the Italian countryside.

Although Thanksgiving will come and go here unnoticed, Romans will soon be looking forward to December 8, Feast of the Immaculate Conception. Many of them will attend the traditional parade and ceremonies in Spanish Square. The day is a civil holiday as well as, or rather because of being, a religious holiday. Further more, Christmas is not very far away. Needless to say, Christmas is observed and quite well observed in Rome.

Woman's Club To See, Hear About Africa

Members of the Newton Centre Woman's Club are planning an evening with Carl de Suze and his latest illustrated lecture, "Africa—Giant at the Door." The show will be held in the auditorium of the clubhouse on Tuesday, November 29 at 8 p.m. Mr. de Suze has recently returned from Africa and predicts that this program will be the most

Lee Loumos Says

I have seen "Macbeth" performed many times since high school days, but never as effectively and intimately as through the medium of color television on Sunday night. I hope that all of you who have a color TV set did not miss this memorable performance. I suggest that you all check your TV programs carefully, as the holiday season has a number of exceptionally good color programs in store for you. Macy's Thanksgiving Day Parade is a must, and later that day, you will have a light-hearted musical revue, starring Jose Ferrer, Rosemary Clooney, Dick Van Dyke and Carol Burnett entitled, "No Place Like Home." And don't forget the Bell Telephone Hour on Friday, November 25 — A musical and dramatic interpretation of incidents in the life of Tchaikovsky. On Sunday, November 27, the color feature will be "The Black Arrow", a favorite Robert Louis Stevenson tale of 15th century England. The "most colorful" night of the season promises to be December 8. Here in one evening you will have four big shows in color: Peter Pan, Tennessee Ernie Ford, Gypsy, and Marx, Jack Paar. If you are contemplating the purchase of a color TV set, this is a legitimate time for me to say hurry-hurry-hurry—come in NOW and arrange for your delivery in time for all these and many other wonderful shows. Make this Christmas a truly COLOR-full one!

colorful journey thus far for armchair travelers.

The ushers, under the supervision of Mrs. F. Earle Conn, will be Miss Victoria Baer, Miss Meredith Baker, Miss Janet Fleming, Miss Jane Meyer, Miss Jean Prietz, and Miss Jeanne Wynne.

Mrs. E. Tyler Parkhurst, club president, is general chairman for the affair which is a Ways and Means project. Assisting her are Mrs. Victor D. Baer, Mrs. Leonard D. Baker, Mrs. William E. Connors, Mrs. Charles H. Day Jr., Mrs. Wendell R. Freeman, Mrs. Robert E. Graham, Mrs. Harold Keller, Mrs. William R. Martineau, Mrs. Lester Menkes, Mrs. John Metz, Mrs. Osbert L. Rafuse, Mrs. Peter Reuter, Mrs. Kurt Schorr, Mrs. John E. VanderKlish, Mrs. F. Ronald Vincent and Mrs. Oscar Wheeler.

Following the program here will be a coffee hour. Hostesses will be Mrs. Baer, Mrs. E. Lake Jones and Mrs. Raymond W. Smith. Tickets may be obtained by calling Mrs. Baer, BI 4-8126; Mrs. Freeman, DE 2-2914; or Mrs. Martineau, DE 2-4635. Tickets will also be available at the door.

New Investment Fund Offers Shares in Canadian Firms

A new investment company with both American and Canadian directors this week began the initial public offering to Americans to invest in the future of Canada's growing economy.

The UBS Fund of Canada, Ltd., is offering shares through newspaper advertise-

H. NELSON CONANT

ments which are complete reproductions of the fund's prospectus. The NEWTON GRAPHIC was selected as one of the few weekly papers in this area to carry this double-page ad.

Primary objective of the UBS Fund of Canada is capital growth. The fund will invest its assets principally in the securities of the Canadian companies.

The UBS Fund of Canada is registered with the U.S. Securities and Exchange Commission and affairs in this country are being handled through the Merchants National Bank of Boston corporate trust department. The American adviser is United Investment Management Corporation of Boston, a subsidiary of the Boston Investment counseling firm, United Investment Counsel, Inc.

President of the new Canadian fund is H. Nelson Conant,

president of the United Investment Counsel, Inc. The first vice president is A. Hamilton Bolton, president of Bolton, Tremblay & Co., of Canada.

"The fund is designed for those investors who desire a diversified investment in Canada's future," Mr. Conant explained to a conference of Greater Boston financial editors.

"It is designed for investors who can forego current income in the interest of seeking possible growth of capital under Canadian tax law. It is designed for building capital for long-term investment toward retirement, or education of one's children."

The prospectus points out that all net income and capital gains received by the fund will be reinvested and no cash dividends will be paid. As a result shareholders will not be subject to U.S. income tax unless their shares are sold or redeemed at a profit.

In addition to Pres. Conant, the American directors include Donald P. Babson, vice president, United Service Company; Richard R. Higgins, president, The Kendall Company; Phillip E. Lawrence, vice president, United Investment Counsel; and Vincent C. Ziegler, president, Gillette Safety Razor Co.

The Canadian directors are Mr. Bolton; Douglas W. Ambridge, president, Abitibi Power & Paper Co., Ltd.; Herbert H. Lank, president, DuPont of Canada, Ltd.; and Maurice Tremblay, chairman, Bolton, Tremblay & Co.

The Initial Offering Period expires at 4:30 p.m., Dec. 31, 1960. During this period lower sales charges are in effect. The minimum order is 100 shares. The initial offering price of \$10 per share on purchases of less than \$25,000 includes a sales charge of 4.9 per cent.

Authorized capitalization of the fund consists of 10 million common shares (par value \$1) and 1,000 deferred shares. The fund does not intend to issue any of the deferred shares.

Senator Cutler Reminds Those Who File Bills

Senator Leslie B. Cutler, Senator-elect from the Norfolk-Middlesex District, reminds any person having a Bill to be presented in the 1961 session of the legislature that Wednesday, Dec. 7, is the last day for filing legislation.

If officials of the district, or any constituent, wants Senator Cutler to file a petition, she can be contacted at her summer home. (Post Office address: Prides Crossing, Mass., or telephone: 11 WALKER 7-0064). Owing to the serious fire damage to her Needham home, Mrs. Cutler is still at Prides Crossing. She expects to return to Needham early in December.

Senator Cutler will be glad to meet anyone at the State House to assist in the correct drafting of any legislation which often requires the legal advice of the Senate Counsel.

Tour the world of the theater with The Globe

Sit in the orchestra on opening night. Then go backstage and meet the cast. You can with The Globe. From both sides of the footlights, its coverage is penetrating and thorough. Your guide is The Globe's own Cy Durgin, drama and music critic. Many times there's more drama in his review than in the play, which explains why Boston's theater-goers have long made it the first order of the day to see The Globe's review the morning after opening night. (Another good reason to have The Globe home delivered.) Start The Globe habit today. It gives you such a close look at the theater, you can practically smell the grease paint.

Pilgrim Spirit—
(Continued from Page 1)
In the 1600's, the turkey which graces the holiday dinner table will be a symbol — a symbol of plenty and thankfulness.
Scores of college boys and girls will begin arriving home on the holiday eve, eager for the reunions with family and friends and for the Thanksgiving festivities. In some homes, by contrast, there will be empty chairs at the table and a sense of loneliness for youths serving with our armed forces overseas. After the high school football games and the rooters

hurry homeward, traffic will thin out as the home becomes the focal point of the holiday observance.
Local markets are ready for a heavy shopping rush as housewives stock up on delicacies for the Thanksgiving dinner table.
Counters and cases bulge with a wide variety of good things to eat.
Turkey of all sizes, ranging from the smallest variety to those intended for the largest family, are available in abundant quantity. Waiting for shopping housewives, too, are vegetables and fruits which vary from the staple potatoes and apples to the exotic offerings made pos-

sible by the magic of modern frozen food techniques.
Just as it was in the time of the Pilgrim fathers, the high point of Thanksgiving will come when the members of the family sit down together for dinner.
When the heads of those at the table are bowed in grace, the significance of the day will come to everyone.
Parking Ban—
(Continued from Page 1)
J. Henry Gougen, Massachusetts Commissioner of Public Safety, commended Newton for its school patrol in which children assume responsibility, and he appealed to communities to help law

enforcement officers in an effort to cut down accidents.
Safety Officer Charles E. Feeley said Newton law enforcement officials favored the ban at the new South High School continued because "we're not in favor of over-populating narrow streets by up to 500 additional cars."
Kenneth Brown, director of Safety Education for the Mass. Safety Council, felt the city had "taken a step backward" in making driver education a part-time rather than a full-time program.
"Untrained drivers under 25 years of age have twice as bad an accident record as those receiving in-school training," he contended.
"Don't go shopping on

weekends," warned Bert Harmon, chairman of the Safety Council's education program; he said Friday, Saturday and Monday are "the most dangerous days."
William Reardon of the Registry of Motor Vehicles, blamed adults for drinking and driving and said that last December in Massachusetts "we killed 58 and injured 9,000, and more than half of those involved had been drinking."
Reardon praised the Newton Police Department for Newton's above-average safety record and commended the Safety Patrol under supervision of Officer Feeley and the public school system for its safety program.

Santa Claus, Yule Trimmings, To Usher In Gala Highlands Church Holiday Fair

All through the summer months the women of the Woman's Association of The Newton Highlands Congregational Church, have been working towards a goal. This will be achieved when on Friday morning at 10 o'clock on December 2nd, the doors of the Parish Hall will open on a gala and festive setting of Santa Claus and Christmas trees,

which will usher in the Holiday Fair.

The general chairman is Mrs. Duncan Cotting, with Mrs. Robert Lowry, Mrs. Herbert Thurston and Mrs. Frederick Wood assisting as Co-Chairmen. Mrs. Lester Smith as Chairman of the Ways and Means Committee is also lending her assistance, and Mrs. Alston Budgett is helping with publicity.

There should not be a dull moment throughout the day, but there will be time to relax and be refreshed at the Coffee Bar in the morning and the Tea Room in the afternoon. This will be in charge of Mrs. Laura Searway, with Mrs. Morris Brown, Mrs. Howard Cutler, Mrs. William Stevenson, Mrs. Kenneth May, Mrs. James MacDonald and Mrs. Louis Schoenher assisting her.

From 11:30 a.m. to 1 p.m. a Snack Bar will serve the now famous "corn chowder," sandwiches, sweets and other goodies. Mrs. E. N. Johnson is chairman; her aides are Mrs. E. I. Brown, Mrs. Ella Fisher, Mrs. Warren Kennedy, Mrs. Vi McCready, Mrs. Edward Prietz, Mrs. Lester Smith, Mrs. E. J. Meagher, Mrs. Leigh Morse, Mrs. Wilfred Lake, Mrs. A. E. Heyn, Mrs. Fred Sandford, Mrs. William Fleming, Miss Madeline Foster, Mrs. Michael Kara-

golian and Mrs. Ralph Morrison.

The first sitting for a delicious home cooked roast beef dinner will be at 5:30 p.m. followed by another at 6:45 p.m. This will be by reservation. This busy committee consists of Chairman Mrs. Albert Genaske, Co-Chairmen Mrs. Carl Haering and Mrs. Paul Joos. Helping them will be Mrs. Walter Archibald, Mrs. Joseph Balcom, Mrs. Hazel Brodell, Mrs. Chas. Brown, Mrs. Russell Clark, Mrs. Hugh Close, Mrs. Winniford Daniels, Miss Madeline Foster, Mrs. Stephen Hung, Mrs. Charlotte Lowery, Mrs. Richard Maybe, Mrs. Vincent Morotto, Mrs. Kenneth Moir, Mrs. Alan Parmenter, Mrs. Joseph Richardson, Mrs. J. C. Storer, Mrs. Ann Tucker, Mrs. Ray Kelley and Mrs. Richard Chapple.

One of the special features will be Lillian G. Clarke, internationally known silhouette artist, who will be on hand throughout the day creating black and white likenesses.

Another feature, and an innovation this year, will be a part completely set off just for the children and will be called the Children's Fair. It will be a place where they can do their own Christmas shopping. Mrs. Willard Boulter is in charge; assisting her will be Mrs. Ralph Shepherd and Mrs. Robert Logan. Mrs. Warren Sylvester and Mrs. J. D. Corley have made ready many and varied "grabs," and Mrs. Earl Nauss will see to it that there is plenty of candy to buy. It would not be complete without games and prizes, and Mrs. Robert Fisher and Mrs. Nordhal will help with this.

The general chairman for The Children's Fair is Mrs. Gregory Linden and her co-chairman Mrs. Blake Tennant. The special feature for the children will be Johnny Sisson and his Suitcase Theatre Puppets. He will do three performances — at 12:40 noon, 3:45 and 4:15 p.m. The children can be sure of lots of fun at each of these shows.

Mrs. John Arthur Samuelson is in charge of the decorations and she is planning unusual and beautiful settings, blending colors of white, grey, silver blue, red and pine green. Assisting her will be Mr. Samuel-

The excellent wall mosaics by Gail Stout Wood of West Newton, 1960 graduate of the Newton College of the Sacred Heart, were the object of study last week by members of the freshman class. Mosaic center-

pieces by Gail Wood also were studied.

Mimi Kelly, of Waban, an upperclassman at the college was photographed as she explained a mosaic centerpiece to two freshmen, Helen E. Han-

non and Joyce Kneeland, also of Newton.

Their aides in this venture have been Miss Clara Dillaway, Mrs. Katherine Gleim, Mrs. T. L. Goodwin, Mrs. Edward Hamilton, Mrs. Robert Jennings, Mrs. Charles Lytle, Mrs. Lois Shedd, Mrs. Albert Morse, Miss Mabel Perry, Mrs. Robert Elder, Jr. and Mrs. G. W. Brainerd.

Mrs. Will Wilton, chairman of the library committee, has as her assistants in running the Book Fair Mrs. William Spear, Mrs. Samuel Barres, and Mrs. Margaret Aucoin (sixth grade teacher). The sixth grade children of the school will decorate the hall and make posters to publicize the Fair.
